MARYVILLE COLLEGE BULLETIN

MARYVILLE, TENNESSEE

ANNUAL CATALOG ISSUE

One Hundred and Sixteenth Year
1934 - 1935

MARYVILLE COLLEGE is a member of the Southern Association of Colleges and Secondary Schools, which is the regional accrediting agency, and is on the approved list of the Association of American Universities.

Maryville is also a member of the Association of American Colleges, of the National Conference of Church-Related Colleges, of the Presbyterian College Union, of the Tennessee College Association, and of the Smoky Mountain Athletic Conference; and is on the approved lists of the American Medical Association and of the American Council on Education.

The institution is Christian but not sectarian in its purposes, program, and teaching, and has throughout its history been organically connected with the Presbyterian Church in the U. S. A. Its Directors are elected by the Synod of Tennessee.

MARYVILLE COLLEGE
Maryville, Tennessee

Published quarterly by Maryville College. Entered May 24, 1904, at Maryville, Tennessee, as second-class mail matter. Acceptance for mailing at special rate of postage provided for in Section 1103, Act of October 3, 1917, authorized February 10, 1919.

THE COLLEGE CALENDAR FOR 1934-1935

FIRST SEMESTER

1934

Sept. 11-17, Opening program:
- Sept. 11, Tuesday, 1:00 p. m.—New students report.
- Sept. 12, Wednesday, 1:00 p. m.—Placement examination.
- Sept. 13, Thursday, 8:10 a. m.—Opening chapel service; Registration.
- Sept. 14, Friday—First meeting of classes.
- Sept. 15, Saturday, 8:00 p. m.—Y. W. C. A. and Y. M. C. A. receptions.
- Sept. 17, Monday, 8:00 p. m.—Faculty reception.

Oct. 3, Wednesday, 9:00 a. m.—Fall Meeting of the Directors.
Oct. 26, Friday—Founders' and Homecoming Day.
Nov. 29, Thursday—Thanksgiving Day.
Dec. 19, Wednesday, 4:00 p. m.—Christmas holidays begin.

1935

Jan. 3, Thursday, 8:10 a. m.—Class work resumed.
Jan. 29, Tuesday—First semester ends.

SECOND SEMESTER

Jan. 31, Thursday—Second semester begins.
Feb. 5, Tuesday—February Meetings begin.
Apr. 19, Friday, 4:00 p. m., to Apr. 23, Tuesday, 8:10 a. m. — Spring vacation.
May 6-10, Registration for 1935-1936.
May 30 to June 4, Commencement program:
- May 30, Thursday, 8:00 p. m. — Graduation exercises of the Music Department.
- May 31, Friday, 8:00 p. m.—Senior class play.
- June 1, Saturday, 8:00 p. m.—Graduation exercises of the Expression Department.
- June 2, Sunday, 10:30 a. m.—Baccalaureate service.
- June 2, Sunday, 7:00 p. m.—Vesper service.
- June 3, Monday, Alumni Day
  - 3:00-5:00 p. m.—President's reception.
  - 7:00 p. m.—Annual Alumni Association dinner.
- June 4, Tuesday, 8:30 a. m.—Spring Meeting of the Directors.
- June 4, Tuesday, 10:00 a. m.—Commencement.

THE DIRECTORS

CLASS OF 1934

John McKnitt Alexander, D.D. ..... Maryville
Hon. Thomas Nelson Brown, M.A., LL.D. ..... Maryville
Judge John Calvin Crawford, B.A., LL.B. ..... Maryville
Ralph Waldo Lloyd, D.D. ..... Maryville
*Frank Healy Marston, D.D. ..... Cincinnati, Ohio
Thomas Judson Miles, D.D. ..... Maryville
Fred Lowry Proffitt, B.A., *Recorder and Treasurer* ..... Maryville
Rev. John C. Ritter, B.A. ..... Johnson City
Lewis Hopkins Spilman, Esq. ..... Knoxville
J. Ross Stevenson, D.D., LL.D. ..... Princeton, N. J.
Roy Ewing Vale, D.D., LL.D. ..... Detroit, Mich.
John Henry Webb, Esq. ..... Maryville

CLASS OF 1935

Rev. Clifford Edward Barbour, Ph.D. ..... Knoxville
Joseph McClellan Broady, D.D. ..... Birmingham, Ala.
Elmer Everett Gabbard, D.D. ..... Chattanooga
Hon. Moses Houston Gamble, M.A. ..... Maryville
Robert Isaacs Gamon, D.D. ..... Knoxville
Hon. William Alexander Lyle ..... Dandridge
William Love McCormick, D.D. ..... Philadelphia, Pa.
James Gilbert Mason, D.D. ..... Metuchen, N. J.
William Edwin Minnis, B.A. ..... New Market
Arthur Evan Mitchell, B.A. ..... Knoxville
John Grant Newman, D.D., LL.D., Litt.D. ..... Philadelphia, Pa.
Samuel Tyndale Wilson, D.D., LL.D., Litt.D. ..... Maryville

CLASS OF 1936

Milton Wilbert Brown, M.A., M.S., D.D. ..... Cincinnati, Ohio
Newton Wadsworth Cadwell, D.D., LL.D. ..... Atlantic City, N. J.
James Moses Crawford, Esq. ..... Knoxville
Rev. John Baxter Creswell, B.A. ..... Bearden
†William Robert Dawson, D.D. ..... Knoxville
‡Calvin Alexander Duncan, D.D., LL.D. ..... Phoenix, Ariz.
John Samuel Eakin, D.D. ..... Knoxville
Judge Samuel O'Grady Houston, B.A., LL.B., *Chairman* ..... Knoxville
Rev. James Lewers Hyde, M.A. ..... Walnut, N. C.
William Leonard McEwan, D.D., LL.D. ..... Pittsburgh, Pa.
J. Willison Smith, Esq. ..... Philadelphia, Pa.
Judge Hugh McCall Tate ..... Washington, D. C.

* Died April 30, 1933. † Died April 18, 1934. ‡ Died December 9, 1933.

COMMITTEES, 1933-1934

Committees of the Directors:

Administration: President Ralph Waldo Lloyd, *Chairman;* Treasurer Fred Lowry Proffitt, *Secretary*; and Hon. Moses Houston Gamble, Judge Samuel O'Grady Houston, Arthur Evan Mitchell, Hon. Thomas Nelson Brown, and Rev. Clifford Edward Barbour, Ph.D.

Sub-committee on Professors and Teachers: President Ralph Waldo Lloyd, Hon. Moses Houston Gamble, Hon. Thomas Nelson Brown, Treasurer Fred Lowry Proffitt, Dean Edwin Ray Hunter, and Professor George Alan Knapp.

Finance: Hon. Thomas Nelson Brown, *Chairman;* Hon. Moses Houston Gamble, *Secretary;* and Judge John Calvin Crawford, John McKnitt Alexander, D.D., John Henry Webb, and President Ralph Waldo Lloyd, *ex-officio.*

Synodical Examiners for 1934:

Rev. Clifford E. Barbour, Ph.D. and Rev. Jere A. Moore, D.D.

Committees of the Faculty:

General: The President, Dean, Treasurer, Business Manager, Registrar, Student-Help Secretary, Dean of Women, Dean of Men.

Curriculum and Catalog: Lloyd, Hunter, Jones.

Entrance and Advanced Standing: Hunter, Orr, Jones.

Honors Work: Hunter, Davis, Howell, McMurray, Orr.

Student-Help: Clemmie J. Henry, Lloyd, Proffitt, Caldwell, Fields

Discipline: Davis, Caldwell, McMurray, Rodgers, Fields.

Religious Life: Stevenson, Lloyd.

Faculty Research: Orr, Keller, Lagerstedt, Green, Hale.

Athletics: McMurray, Honaker, Proffitt, Howell.

Schedule of Activities: Hunter, Howell, Caldwell, Hale, Fields.

Student Programs and the Artists' Series: Howell, Orr, Caldwell, West, Frances Henry.

Student Publications: Queener, Hussey, Davis, Walker, Shine.

Social Functions: Rodgers, Fields, Miss Brown, Mrs. Stevenson.

Committee on Students' Use of English: HUNTER, BASSETT, CARROLL, RODGERS.

Forensics: QUEENER, KNAPP, HUNTER.

The Library: ELLIS, HUNTER, MCMURRAY, FIELDS, GREEN.

Museum: JONES, JEWELL, ELLIS.

Recommendations: CLEMMIE J. HENRY, GAMBLE.

Publicity: DAVIS, KIGER, JONES.

Auditors for Student Organizations and Activities: WALKER, CLEMMIE J. HENRY.

The President is ex-officio a member of all committees.

OFFICERS AND FACULTY, 1933-1934

OFFICERS OF ADMINISTRATION

RALPH WALDO LLOYD, D.D.,
President.
On the Mr. and Mrs. Charles Oscar Miller Memorial Foundation.

SAMUEL TYNDALE WILSON, M.A., D.D., LL.D., LITT.D.,
President Emeritus.

EDWIN RAY HUNTER, M.A., PH.D.,
Dean.

FRED LOWRY PROFFITT, B.A.,
Treasurer.

LOUIS ALEXANDER BLACK,
Business Manager.

*ANNA JOSEPHINE JONES, B.A.,
Registrar and Administrative Secretary.

CLEMMIE JANE HENRY,
Student-Help Secretary.

MARY ELLEN CALDWELL, B.A.,
Dean of Women.

PAUL ELDON FIELDS, M.A., PH.D.,
Dean of Men.

THE FACULTY

RALPH WALDO LLOYD, D.D.,
President.
On the Mr. and Mrs. Charles Oscar Miller Memorial Foundation.

SAMUEL TYNDALE WILSON, M.A., D.D., LL.D., LITT.D.,
President Emeritus.

SUSAN ALLEN GREEN, M.A., L.H.D.,
Profesor of Biology.

GEORGE ALAN KNAPP, M.A., LITT.D.,
Professor of Mathematics.

* Died April 10, 1934.

EDMUND WAYNE DAVIS, M.A.,
Professor of Latin and Greek.

EDWIN RAY HUNTER, M.A., PH.D.,
Professor of English.

HORACE EUGENE ORR, M.A., D.D.,
Professor of Bible and Religious Education.

JAMES HENRY McMURRAY, M.A., PH.D., L.H.D.,
Professor of Political and Social Science, and History.

GEORGE BENJAMIN HUSSEY, M.A., PH.D.,
Professor of Modern Languages.

GEORGE DEWEY HOWELL, M.S.,
Professor of Chemistry.

PAUL ELDON FIELDS, M.A., PH.D.,
Professor of Psychology and Education.

EDGAR ROY WALKER, M.A.,
Acting Professor of Physics.

CLARA JANE BROWN, M.S.,
Professor of Home Economics.

LOMBE SCOTT HONAKER, B.A.,
Professor of Physical Training and Director of Athletics.

MORTON McCASLIN RODGERS, M.E., S.T.M., PH.D., D.D.,
Professor of Bible.

HILL SHINE, M.A., PH.D.,
Associate Professor of English.

MRS. JANE BANCROFT SMITH ALEXANDER, M.A.,
Associate Professor of English.

JESSIE SLOANE HERON, M.A.,
Associate Professor of English.

JOHN HERBERT KIGER, M.A.,
Associate Professor of Bible.

HELEN REBECCA GAMBLE, M.A.,
Associate Professor of Psychology and Education.

MARGARET CATHERINE WILKINSON, M.A.,
Associate Professor of French.

ALMIRA CAROLINE BASSETT, M.A.,
Associate Professor of Latin.

MARY MOORE KELLER, M.A.,
Associate Professor of Psychology and Education.

ALMIRA ELIZABETH JEWELL, M.A.,
Associate Professor of History.

VERTON MADISON QUEENER, M.A.,
Associate Professor of History and Debate.

FRED ALBERT GRIFFITTS, M.S.,
Associate Professor of Chemistry.

BONNIE LUCILE HUDSON, M.A.,
Associate Professor of Biology

KENNETH RAYMOND LAGERSTEDT, M.A.,
Associate Professor of French and German.

ROBERT LEWIS SMITH, M.A.,
Associate Professor of Spanish.

JESSIE KATHERINE JOHNSON, M.A.,
Associate Professor of English.

ZOE WELLS CARROLL, M.A.,
Associate Professor of Biology.

ALICE ISABELLA CLEMENS, B.A.,
Associate Professor of English.

GERTRUDE ELIZABETH MEISELWITZ, B.S.,
Associate Professor of Home Economics.

EVELYN MERLE BEEBE, B.A.,
Instructor in French.

ROBERT CAPERUS THROWER, B.A.,
Assistant Director of Physical Training and Athletics.

MRS. EVELYN NORTON QUEENER,
Instructor in Physical Training for Women.

GEORGE FRANKLIN FISCHBACH, B.A.,
Instructor in Swimming and Tennis.

TEACHERS IN THE DEPARTMENTS OF SPECIAL INSTRUCTION

LAURA BELLE HALE, B.Pd.,
Piano and Harmony, and Head of the Department of Music.

MARY FRANCES HENRY,
Voice.

MRS. LOIS DAVIS HUBER, M.A.,
Piano.

EVA MILDRED BUTCHER,
Violin.

MRS. NITA ECKLES WEST, B.A. B.O.,
Head of the Department of Expression.

WILHELMINA HOLLAND, B.A., B.O.,
Expression.

NAN BIRD,
Art.

OTHER OFFICERS

WILLIAM PATTON STEVENSON, D.D., LL.D.,
College Pastor.

HORACE LEE ELLIS, M.A.,
Librarian.

CLARA VIRGINIA KENNEDY, B.S.,
Assistant Librarian.

MRS. CELIA ROUGH WRINKLE,
Assistant to the Treasurer.

EVELYN MERLE BEEBE, B.A.,
Secretary to the President.

EDMUND WAYNE DAVIS, M.A.,
Secretary of the Faculty.

GEORGE ALAN KNAPP, M.A., Litt.D.,
Manager of the Book Store.

MRS. KATHRYN ROMIG McMURRAY, B.S.,
Manager of the College-Maid Shop.

ERNEST CHALMERS BROWN,
Engineer.

MARY ELLEN CALDWELL, B.A.,
Head of Pearsons Hall.

MRS. EMMA LEE WORLEY,
Acting Head of Baldwin Hall.

*JOSEPHINE ROSS HUNTER, M.A.,
Head of Baldwin Hall.

MRS. ADDIE KIDD PROFFITT,
Acting Head of Memorial Hall.

MRS. PEARL WELLS BUTCHER,
Assistant to the Head of Pearsons Hall.

WILHELMINA HOLLAND, B.A., B.O.,
Assistant to the Head of Baldwin Hall.

NELLIE PEARL McCAMPBELL, B.A.,
Assistant to the Head of Baldwin Hall.

EVELYN MERLE BEEBE, B.A.,
Assistant to the Head of Memorial Hall.

EULIE ERSKINE McCURRY,
Proctor of Carnegie Hall.

MRS. ELIZABETH HALL,
Matron of Ralph Max Lamar Memorial Hospital.

EDITH ELIZABETH HUNT, B.S. IN H.E.,
Manager of the Boarding Department.

SARAH FRANCES COULTER,
Manager of the Boarding Department.

LULA GRAHAM DARBY,
Dining-room Matron.

* On leave of absence, 1933-1934.

HISTORY AND PURPOSE

HISTORY

Maryville College, like most of the older colleges, grew out of the zeal that the pioneers of the American church had for the education of the people and their leaders. It was founded in 1819, when Isaac Anderson gathered a class of young men who were candidates for the ministry. Thus, Maryville is one of the fifty oldest colleges in the United States, and one of the fifteen oldest in the South.

Seventeen years before, in 1802, Isaac Anderson had established, within the bounds of his Grassy Valley congregation, near Knoxville, Union Academy, popularly known as "the Log College." In 1812, he removed to Maryville and took charge of the New Providence Presbyterian Church, of which institution he remained pastor until his death forty-five years later. Here he continued also his educational work, serving local academies as teacher and director. However, he came to feel that more should be done toward providing an educated ministry for the Southwest, and encouraged by others like-minded with himself and under authority of the Presbyterian Synod of Tennessee, he established Maryville College which he served as president and professor for thirty-eight years. The founder's noble motive may be stated in his own words: "LET THE DIRECTORS AND MANAGERS OF THIS SACRED INSTITUTION PROPOSE THE GLORY OF GOD AND THE ADVANCEMENT OF THAT KINGDOM PURCHASED BY THE BLOOD OF HIS ONLY BEGOTTEN SON AS THEIR SOLE OBJECT." The sacrificial labors of Dr. Anderson and those who became his associates were fruitful and the institution made substantial progress. Although during the ensuing forty-two years the enrolment only once exceeded one hundred, and the endowment, gathered by littles through all these years, was but sixteen thousand dollars, yet one hundred and fifty-nine men were put into the ministry, and the founder's oft-repeated desire "to do good on the largest possible scale," was increasingly realized. In 1857, Dr. Anderson died, and from that year until 1861 John J. Robinson served as president.

Then came the Civil War, which closed the institution for five years and left it little except its good name and history.

But in 1866 Maryville College was reopened by the efforts of Professor Thomas Jefferson Lamar, of the pre-War faculty, and by action of the Synod of Tennessee. P. Mason Bartlett was called to be the third president. Friends were found in the North, a sum of sixty-five thousand dollars was secured, the institution was saved from extinction, a new campus site was purchased, the first of the present buildings was erected, and a new era begun.

When the doors were reopened in 1866, there were thirteen students; in ten years the number was one hundred and fifty, and in twenty years

almost three hundred. This growth made the securing of an endowment imperative, and earnest efforts toward this end were rewarded in 1883 when a few friends, among whom were William Thaw, William E. Dodge, Preserved Smith, and Dr. Sylvester Willard, contributed one hundred thousand dollars. The next substantial advance came through a magnificent gift by Daniel Fayerweather, who in 1891 placed the College in his will for an amount which ultimately totaled two hundred and twenty-four thousand dollars. Samuel Ward Boardman served as president from 1889 until 1901; in the latter year Samuel Tyndale Wilson became the fifth president. Dr. Wilson had graduated from Maryville College in 1878, had become a professor in 1884, and the dean in 1891.

During the twenty-nine years of Dr. Wilson's presidency came the greatest progress yet achieved by the College. The enrolment grew from 389 students, 83 of college grade and 306 of preparatory grade, in 1901 to 760 students, all of college grade, in 1930; the number of buildings was doubled from ten to twenty; the financial assets were increased from a quarter of a million dollars to two and a half million dollars (two-thirds invested in endowment and one-third in buildings, grounds, and equipment); a strong Home Economics Department was established by an anonymous friend; a special endowment of one hundred and fifty thousand dollars made it possible to enlarge the Bible Training Department into the Department of Bible and Religious Education; the Student-Help Department was organized and developed into one of the institution's most distinctive instruments. The raising and stabilizing of scholastic standards went steadily forward. To meet the needs of the times and territory, Maryville for one hundred and five years conducted both college and preparatory departments; but the latter was finally made unnecessary by development of the public high-school system, and it was closed in 1925 to make room for the rapidly expanding college. In 1922 Maryville became a member of the Southern Association of Colleges and Secondary Schools, the regional accrediting agency. In 1932 it made application for the first time for formal recognition by the Association of American Universities, and in that year was placed upon the approved list of that body. Maryville was one of the first colleges in the South to admit women students. Before the Civil War women students were not regularly enrolled, although a few were in attendance and pursued the courses; but by 1867 women were enrolled, and in 1875 Maryville conferred what was probably the first B.A. degree received by a woman in Tennessee; today the student body of eight hundred is about evenly divided between men and women.

In 1930 Dr. Wilson became President Emeritus and Ralph Waldo Lloyd, of the Class of 1915, was called to be his successor.

Among the larger gifts which made possible this expanding service during the years of President Wilson's administration were those from Ralph and Elizabeth R. Voorhees, Dr. Daniel K. Pearsons, Louis H. Severance, John H. Converse, Andrew Carnegie, the Carnegie Corporation, Mrs. Mary Copley Thaw, Thomas W. Synnott, and Mrs. Charles Oscar

Miller. Several times the General Education Board showed its confidence in Maryville's service and future by contributing large amounts.

During the life of the College, four hundred of the graduates and many other former students have entered the Christian ministry; while, since the Civil War, one hundred and thirty alumni and undergraduates have gone as missionaries to Japan, China, Siam, Korea, Malaysia, India, Persia, Syria, Africa, the Philippines, Colombia, Venezuela, Brazil, Costa Rica, Chile, Mexico, Cuba, and Porto Rico. Many are serving in home missions and in education. Those who have gone from Maryville to the theological, medical, legal, and other professional schools have usually attained to high rank in their classes.

At the request of the Directors of Maryville College, President Wilson, in 1916, gathered into a volume entitled "A Century of Maryville College—A Story of Altruism," the romantic story of the institution from its inception to its centennial. "It was the writer's good fortune to be at first a student and then a colleague of Professor Lamar, who in turn was a student and then a colleague of Dr. Anderson; and so the writer received almost at first hand the story of Maryville, extending from the beginning down to the time when he himself entered the faculty of the College." The Registrar will mail the book, postpaid, upon the receipt of one dollar the copy.

PURPOSE

Maryville is a coeducational liberal arts college, not a university or professional school. Its primary purpose is to provide a general cultural education under conditions which develop Christian character and faith, and at rates which make it possible for young people of limited means as well as those of abundant means to secure a college education. Three historic and distinctive major policies of Maryville College are: (1) High scholarship standards; (2) Low expense rates to students; (3) Positive emphasis on religion and morals.

Christian but not sectarian in its purposes, program, and teaching, Maryville College is organically connected with the Presbyterian Church in the U. S. A. The privileges of the institution are, of course, open alike to all young men and young women of good moral character and adequate scholastic preparation, irrespective of their religious affiliation. All the leading denominations are largely represented in the student body and faculty.

All students are required to take courses in Bible and to attend daily chapel and Sunday services in some church of one of the Christian denominations.

EXPENSES

ITEMIZED EXPENSES FOR EACH SEMESTER

(Double these rates will give the amounts for the year)

ALL STUDENTS PAY:

Tuition	$37.50
Fees:	
Incidental	4.00
Library	4.00
Student Activities*	5.00
Text-Books: rented for about one-fifth the retail price of the book, approximately	6.00

DORMITORY STUDENTS PAY IN ADDITION TO ABOVE:

Room Rent: In men's dormitory	$15.00 to 25.00
In women's dormitories	20.00 to 25.00
Key deposit	1.00
Board: $3.50 a week (initial deposit, $28), approximately	65.00

OTHER EXPENSES, PAID WHEN APPLICABLE:

Laboratory fee in Chemistry and Physics (each course)	$ 8.00
Laboratory fee in Biology and Home Economics (each course)	6.00
Breakage deposit (each course)	2.00
In year-course, refund is to be at the end of the year only.	
Laboratory fee in Experimental Psychology	4.00
Laboratory fee in Education 311	2.00
Practice-teaching fee	10.00
Instrument fee in Surveying	2.00
Gymnasium uniforms for young women	3.00
Identification-record fee (new students only)	1.00
Graduation fee (payable at beginning of second semester of the graduating year)	5.00
Late-registration fee (payable by those entering later than the third day of the first semester or the first day of the second semester)	5.00

APPROXIMATE TOTAL OF COLLEGE BILLS FOR EACH SEMESTER:

For the student living on the campus, about	$150.00
For the student not rooming or boarding on the campus, about	65.00

FOR EXPENSES IN THE DEPARTMENTS OF SPECIAL INSTRUCTION, SEE PAGE 53.

* The student activities fee entitles students to the use of the athletic equipment, admission to all regular athletic and forensic contests in Maryville, admission to the Artists' Series, one subscription to the *Highland Echo*, and the use of the Y. M. C. A. or Y. W. C. A. rooms and equipment; payment of this fee does not constitute active membership in the Y. M. C. A. or Y. W. C. A.

TIMES OF PAYMENT

The times and approximate amounts of payments to be made each year are as follows:

1. At the Opening of the First Semester:
   By students living on the campus, about.....$115 or $120
   By students not rooming or boarding on the campus, about 65 or 70
2. At the Opening of the Second Semester:
   By the students living on the campus, about.....$ 85 or $ 90
   By students not rooming or boarding on the campus, about 60 or 65
3. At the End of Each Four-Week Period:
   By students eating at the boarding department.....$ 14

The rates in the itemized schedule do not include room rent or board for the Christmas vacation period.

It is the constant aim of the College to provide the best college advantages to the student at the lowest possible rates. College bills must be paid in advance. Until the required advance payments are made, no one can become, or remain, a member of any of the classes. Credits will not be given or diplomas of graduation issued until all accounts with the College have been satisfactorily settled. In view of the very low rates, no deduction will be made for absence at the beginning or at the end of any term, and no refunds will be made, except for board. Students, except those entering for the first time, that register and attend classes later than the third day of the first semester, or the first day of the second semester, pay a late registration fee of five dollars. The itemized schedule gives the rates for each semester. Allowance must be made, also, for one's personal expenses, in addition to the bills payable to the College. This allowance will vary, but should be less than one hundred dollars for the year.

ADVANCE PAYMENTS REQUIRED

OF NEW STUDENTS: $15. This payment must be sent to the Registrar at least one week before the opening day. An applicant is not assured of admission until this payment is in the hands of the Registrar.

OF OLD STUDENTS: $15. Unless this fee is sent to the Registrar by September 1, a student is not assured of places in the classes for which he may have registered at the time of the advance spring registration.

In the case of both old and new students, the required advance payment of fifteen dollars includes a room-reservation fee if the student requests a room in a dormitory. The entire amount of fifteen dollars will be credited by the Treasurer on the student's first-semester bills upon presentation of

the receipt. If an accepted applicant sends notice that he wishes to withdraw his application for admission or readmission, the Registrar will, up to August 15, refund ten dollars of this amount. After August 15 no refund will be made.

THE BOARDING DEPARTMENT

No other agency has been of greater service in enabling the College to keep the expense to its students at a minimum than has the boarding department. The price of board, which at present is $3.50 a week, is based upon the cost of food and service, plus the cost to the College for the maintenance of the department's quarters. Regular payments of board are made at the end of every fourth week, dating from the opening of the college year. A deposit of $28 is required in advance of each student eating at the dining-room. This deposit is held in reserve until the end of the year, when it may be applied on the last two four-week periods. Because of the minimum rate at which board is furnished, a student's account is reckoned from the beginning of the college month during which he enters. A considerable number of students are employed as waiters and assistants in the dining-room, who are thereby enabled to reduce the cost of their board by one-half. The privileges of the dining-room are extended to all men students of the College and to all women students rooming in the college dormitories. All students rooming on the campus are required to board at the college dining-room. The number is usually about six hundred.

ROOMS IN THE DORMITORIES

All the dormitories are heated with steam and lighted with electricity, and are supplied with wardrobes, baths, and toilets. All the rooms contain the following articles of furniture: individual iron bedsteads, springs, mattresses, tables with built-in bookcases, chairs, and, for young women, dressers; for young men, chiffoniers. The student will provide bedding and any other necessity not here specified. Two students occupy one room.

No separate room deposit fee is required. The advance payment of fifteen dollars, required of both old and new students, includes a room reservation fee if a student requests a room in a dormitory. Until July 15, old students are given preference over new applicants; after that date, rooms are assigned in the order of application.

ROOMS IN TOWN

Young men can find comfortable furnished rooms in private residences in convenient parts of town at prices ranging from $5.00 to $7.00 a month for each student.

LAUNDRY

Laundry work can be arranged for with local laundries or with private laundresses at charges averaging about fifty cents to one dollar a week.

REQUIREMENTS FOR ADMISSION

NOTE: Each applicant for admission should send for a copy of the published "Standards and Rules for Scholarship, Attendance, Conduct," and should enter the institution only if he is prepared to meet the requirements set forth therein.

ADMISSION TO THE FRESHMAN CLASS

An applicant for admission to the freshman class must make formal application on the blank provided by the College for that purpose. He must be a graduate of an accredited, four-year high school, or show equivalent preparation as determined by entrance examinations. The minimum amount upon which any applicant may be admitted is fifteen units. A unit is the equivalent of five forty-five-minute recitation periods a week for thirty-six weeks in subjects above the common-school branches.

Number of Applications Approved.— The teaching facilities of the College warrant the acceptance of three hundred applicants for admission to the freshman class in September. These are chosen from the upper two-thirds of the high-school classes with which they graduated, and students in the lowest third are admitted upon satisfactory performance in an aptitude test and general content examination given by the College. The limit of three hundred freshmen and the capacity of the dormitories are ordinarily reached some weeks before the opening date, and no one is considered an applicant until his certificate of credit and testimonials as to character have been received.

Admission by Certificate. — Graduates of accredited, four-year high schools may be admitted without entrance examinations, provided that both the official forms, (1) Application Blank, and (2) Principal's Certificate, have been received and approved by the Committee on Entrance and Advanced Standing not later than one week before the opening day. Applicants are not admitted on diplomas. The College sends directly to the high school for the applicant's high-school credits and general record.

Admission by Written Examination. — Written examinations will be given during the opening week for candidates who have filed satisfactory application blanks and testimonials as to character, but who do not have certificates of credit as provided for in the foregoing paragraph, or whose certificates may be found to be insufficient.

Distribution of Entrance Units.— The fifteen units presented in satisfaction of the entrance requirements must be distributed as indicated in the following groups:

GROUP I (Seven units required)

English I
English II
English III
Foreign Language (Two units)*
Elementary Algebra
Plane Geometry

GROUP II (Four to eight units accepted)

English IV
Foreign Language
Bible
Advanced Algebra
Solid Geometry
Trigonometry
Science
History
Civics

GROUP III (Not more than four units accepted)

Agriculture
Commercial Subjects
Home Economics
Manual Training
Mechanical Drawing
Theoretical Music

ADMISSION OF SPECIAL STUDENTS

Applicants over twenty-one years of age, who have not completed fifteen units of high-school work, but who are able to demonstrate their fitness to do college work, may be admitted to college classes as special students, not candidates for the degree, for work for which they are qualfied. In case a special student decides to become a candidate for the degree, he must satisfy the entrance requirements in full within two years from the time of his admission.

ADMISSION FROM OTHER COLLEGES

Admission from other colleges is granted only to such applicants as have filed, at least one week before the opening of the semester in which admission is sought, a letter of honorable dismissal and certificate of credit

* For the immediate present applicants not offering foreign-language work from high school are being admitted, but are required to take at least one year of foreign language in college in addition to the two years required. It is the present intention to begin enforcing this foreign-language entrance requirement without conditions beginning with the opening of the year 1935-1936.

from the institution last attended. This certificate must also show any previous transfer from another institution, together with a full record of the applicant's work therein. The record of entrance units must show that the requirements for admission to the freshman class have been met. Credits thus transferred are accepted tentatively. Credit in transfer is given only for courses which are recognized liberal-arts degree offerings, and the student applying for advanced standing must have a scholarship ratio in the work accepted at the rate required by the Maryville College promotion scale. Grade points on transferred work are assigned after one full year at Maryville, and on the basis of the quality of work done at Maryville. Graduates of accredited junior colleges will be admitted to the junior class, but following their admission they will be required to complete at least two years' work (sixty semester hours), before being granted the bachelor's degree. Students transferring from other institutions will be required to take twelve semester hours of their major courses at Maryville. Candidates are not admitted to the graduating class for less than one full year's residence work.

ADMISSION TO DEPARTMENTS OF SPECIAL INSTRUCTION

Students in any of the regular classes may take work in music, expression, or art, in connection with their regular curriculum subjects, to any amount conformable to the regulation governing required and permitted hours. Students rooming in the college dormitories are required to pursue courses of study leading to the bachelor's degree. If, therefore, they are taking music, expression, or art, they are required to take also a sufficient number of literary courses to total fifteen recitation hours a week exclusive of the physical-training requirement. One private lesson a week in music, expression, or art, together with required practice and necessary supplementary work in the subject privately taken, may be counted as an equivalent of three hours of the required fifteen.

REQUIREMENTS FOR GRADUATION

The College confers the degree of Bachelor of Arts and, for the group of students meeting the special requirements set forth by the Department of Home Economics, the degree of Bachelor of Science in Home Economics. To attain a degree a minimum of one hundred and thirty semester hours, including four hours in physical training, must be completed, and, in addition, three hundred and seventy-eight grade points must be earned. A semester hour is one hour of recitation a week for eighteen weeks, two hours of laboratory practice being the equivalent of one recitation hour. The distribution of the one hundred and thirty hours, by years and by subjects, is shown in the following table. The provisions and requirements of the curriculum, as here outlined, become fully effective for the members of the class graduating in 1936. In so far as they apply to students graduating earlier, without imposing additional requirements upon them, they will be applied.

GENERAL REQUIREMENTS FOR THE B.A. DEGREE

English, 11 hours.

Bible, 10 hours.

Language, 12 hours. Two years of a language begun or continued in college or one year each of two languages continued in college; except in the case of students who had four units of Latin in high school who may complete the college language requirement by taking six hours of Latin.

The first year of a language taken in college is not credited until the successful completion of the second year of the same language. This rule does not apply if the language is the fourth language undertaken by the student in high school and college, the other three having been carried successfully for at least two years each. Also, students majoring in Latin may count one year of Greek toward graduation.

The student is advised to consult carefully the various departmental stipulations regarding foreign-language parallels with their respective major sequences.

Science and Mathematics, 12 to 16 hours. One year each in two of these subjects: Biology, Chemistry, Mathematics, Physics.

History, 6 hours.

Philosophy, 6 hours.

Physical Training, 4 hours.

Major, 18 to 24 hours in one department above courses in the "100" group.

Related courses as prescribed by the major department.

REQUIREMENTS BY YEARS FOR THE B.A. DEGREE

Freshman Year

First Semester	Hours	Second Semester	Hours
English 101 or 103	3	English 102 or 104	3
Bible 101 or 102	2	Bible 102 or 101	2
Language	3	Language	3
Science	3 or 4	Science	3 or 4
Science or Mathematics or Language or History or Home Economics	3 or 4	Science or Mathematics or Language or History or Home Economics	3 or 4
Physical Training	1	Physical Training	1
	15 to 17		15 to 17

Sophomore Year

English 201 or 203	2 or 3	English 203 or 201	3 or 2
History 101	3	History 102	3
Bible or Elective	3	Elective or Bible	3
Science or Elective	3 or 4	Science or Elective	3 or 4
Language or Elective	3	Language or Elective	3
Physical Training	1	Physical Training	1
	15 to 17		15 to 17

Junior Year

Bible, first or second semester 3

Senior Year

Philosophy 311	3	Philosophy 312	3

The margin of electives in the sophomore year and all the time not taken up by the small number of required courses in the junior and senior years is to be used by the student in discharging his major requirements. Any time not taken up by the fulfillment of these requirements is given to elective courses.

Total for the four years, 126 hours plus 4 hours of Physical Training, with a total of 378 grade points.

MAJOR SUBJECTS

Before the close of the freshman year, the student shall file with the Registrar his choice of major subject. In selecting his major subject the student should feel free to consult anyone qualified to give him counsel. He must consult the head of the department in which he decides to concentrate.

A major is at least eighteen hours and not more than twenty-four hours in one department, above courses in the "100" group with the addition of such related courses as may be prescribed by the department and such additional related courses as may, in individual cases, be prescribed by the major professor.

The student is required to have an average of C+ or above in his major subject.

Students coming to college with fairly clear notions of what they may choose as major subjects may begin with advantage to plan their work to that end from the very beginning. This is particularly true of students looking toward major work in Home Economics and Physics. Prospective majors in Home Economics should, by all means, begin their work with the freshman year. Prospective majors in Physics should elect Mathematics 101 in the freshman year, because this course is prerequisite or parallel to any study of Physics in college.

Students transferring from other colleges are required to do at least twelve hours of their major subject at Maryville.

HONORS WORK

Maryville is fully convinced of the soundness of the principle which offers to superior students opportunities for study independent of the usual requirements and confinements of the classroom. Beginning with the year 1932-1933, the College instituted a program of Honors Work for students desiring to follow it and who were approved by the proper authorities as candidates for Honors study. The results of the first two years of Honors Work justify its continuation.

REQUIRED AND PERMITTED HOURS

The normal schedule of studies for all students is fifteen to seventeen recitation hours a week, exclusive of the physical-training hours required of freshmen and sophomores. More than this amount, taken in no more than five courses, is not permitted so long as the student is in the freshman class, except that freshmen who make a B average in the first semester may add a sixth subject in the second semester. The Committee on Entrance and Advanced Standing may restrict any student to a smaller number of hours, if his grades indicate that such restriction is advisable.

The number of hours that may be carried during any semester subse-

quent to the freshman year will depend upon the student's grades earned during the preceding semester. If the average grade falls below D, not over twelve hours may be carried; with averages of D or C, fifteen hours; with an average higher than C, eighteen hours; and with averages of B or higher, twenty hours.

No student shall receive more than forty semester hours' credit for one year's work, nor shall he be permitted to carry work that, if credited, would amount to more than an average of twenty hours a semester for the year. This includes credits earned in debate and in the editing of *The Highland Echo.*

GRADES AND GRADE POINTS

Grades and grade points are recorded as follows: A +, A, A —, excellent, ten, nine, and eight grade points respectively, for each semester hour of the course; B +, B, B —, good, seven, six, and five grade points; C +, C, C —, medium, four, three, and two grade points; D, passing, one grade point; F, failure, requiring that the course be taken again before credit can be allowed; I, incomplete, which becomes F if the work is not completed within one semester.

The general grade average of the courses making up the major sequence must be C + or above. A general average of C or above is required for graduation.

Students who at the end of the first semester of their freshman year have not passed three regular courses will be asked to consider seriously the advisability of continuing longer in college. If such students decide to continue in college, they must accept such reduction in schedule and such probationary status as is recommended by the Committee on Advanced Standing. After their first semester, students classified as freshmen must pass three regular courses to remain in college, and students classified as sophomores or above must pass four regular courses. Failure to pass the amount of work here specified leads to the student's forfeiture of his connection with the College, unless for satisfactory reasons he is reinstated by vote of the Executive Council of the Faculty.

Absences for any cause, totaling 25 per cent. of the course in which the absences are incurred, debar the student from receiving any grade higher than D; or totaling 50 per cent., debar from credit in that course.

The record of the grades of each freshman for the first semester of college work is sent by the College to the principal of the school in which the preparatory work was taken.

PROMOTION SCALE

The expectation in the case of an average student is that he will complete at least thirty semester hours, exclusive of physical-training requirements, together with three times that number of grade points, during each college year. To allow for reasonable variations, however, promotion from

one classification to the next higher classification is permitted upon the following minimum basis:

Freshmen to sophomore: the student shall have twenty-five hours, plus forty-five grade points.

Sophomore to junior: the student shall have fifty-eight hours, plus one hundred and forty-four grade points.

Junior to senior: the student shall be within thirty-three hours of completing his graduation requirements, and have two hundred and seventy grade points; except that, if he has three hundred and sixty grade points, he may be admitted with thirty-six hours to complete; or, if he has four hundred and eighty grade points, he may be admitted with forty semester hours to complete.

A student not eligible for promotion after two years in any class will not be readmitted to college.

Senior privileges are accorded only to members of the graduating class.

GRADUATION HONORS

The distinction of *Magna Cum Laude* is conferred upon such members of the graduating class as shall have done sixty or more semester hours of work at Maryville College and shall have attained for the full college course an average of B plus two hundred and seventy grade points.

The distinction of *Cum Laude* is conferred upon such members of the graduating class as shall have done sixty or more semester hours of work at Maryville College and shall have attained for the full college course an average of B.

CERTIFICATES OF CREDIT

Graduates and undergraduates that have left college in good standing may, if they so desire, receive an official statement of their credits, upon application to the Registrar. No charge is made for the first certificate when issued in the form adopted by the College. For duplicates and for the filling out of special blanks, prepayment of one dollar is required for each blank.

RECOMMENDATIONS

The College endeavors to help its graduates to secure positions, and seeks to promote those that are now employed. Any graduate of the College may register with the Committee on Recommendations, to whom all correspondence on this subject should be addressed. The Committee's recommendations are confidential and under no circumstances are they shown to the candidates. General letters of recommendation are not ordinarily given. Superintendents, principals, school officials, and others in need of the services of college graduates are invited to report vacancies, stating salary, character of work, and the like, and records will be forwarded for inspection. No charges are made to either party for the services of the Committee.

RELATION OF THE CURRICULUM TO PROFESSIONAL TRAINING

University Study

Many graduates each year go to the graduate schools of the universities for further training in courses leading to the Master's and Doctor's degrees. Students who have such courses in view should bear in mind that in practically all universities a reading knowledge of either French or German is required for the Master's degree and of both French and German for the Doctor's degree.

At least by the end of his junior year a student having in mind graduate study should have selected the university, or at least the type of university, in which he purposes to work, so as to be able to do his senior year's work along lines which will best prepare him for fulfilling the requirements of his chosen university.

Teaching

The student who has teaching in view, either as a temporary or permanent vocation, will select as major and related subjects the special fields of knowledge in which he wishes to teach. It is desirable that very early in his college course a student who expects to teach should become acquainted with the detailed requirements which the state in which he wishes to work makes of those who are certified to teach in that state. This bears particular reference to the professional requirements in Education. Maryville offers an adequate group of Education courses. A number of the departments offer methods courses in their respective subjects.

By special arrangement with the proper school authorities, practice-teaching courses are given in the local high schools. This work is open to seniors only and aggregates six hours if taken throughout the year.

At present the College is offering only a very limited number of elementary-school methods courses and is not prepared to give any observation or practice-teaching work in the elementary grades.

For Teaching in Tennessee.—For the only course of preparation fully qualifying for the permanent professional certificate issued by the State Department of Education, licensing the holder to teach in any county high school within the State, the student must take the four years' liberal arts course, graduating from the College with the bachelor's degree. He may elect his major in any subject, but must include in his course at least eighteen semester hours in Psychology and Education. The certificate referred to will specify the subjects the holder is entitled to teach, and will include only those subjects in which he has a credit to the amount specified by the State Department as required in each field.

Application for State Professional Certificates.— Following the student's graduation or upon his having completed a sufficient number of courses, the Registrar will, upon request, forward the student's application

for a professional certificate to the State Department of Education. All State Departments of Education now require the filling out of special application blanks, of their own before a professional certificate will be issued. The College, therefore, requires the prepayment of a clerical fee of one dollar for the filling out of each such blank. The State Department of Education of Tennessee also requires a licensing fee of two dollars, which must accompany the application for a certificate. Applicants requesting the College to send their credits direct to Nashville should see to it that both fees accompany their request. The Registrar will then forward the State fee with the application blank, provided the applicant sends the State fee to him in the form of a check, or money-order, drawn to the order of the State Supervisor of Certification, and separate from the one-dollar clerical fee. The College will not, however, be responsible for the forwarding of currency.

For Teaching Home Economics in Tennessee.—The requirements of the State Department of Education in Tennessee for one qualifying to teach Home Economics call for the distribution of the student's training as eight semester hours in foods and nutrition; eight semester hours in clothing and textiles; and eight semester hours in home management, house furnishings, child care, and home nursing.

Medical Study

The leading medical schools advise the full four-year college course as the best preparation for medical study. Maryville is on the list of Approved Colleges of Arts and Sciences of the Council on Medical Education and Hospitals of the American Medical Association, and is prepared to give courses fully in line with the recommendations of the American Medical Association for the four-year course.

Maryville is prepared to offer also the two-year premedical course as recommended by the American Medical Association from whose statement in the August 29, 1931, *Journal of the American Medical Association,* the following is taken:

"II. Premedical College Course

"(c) The minimum requirement for admission to acceptable medical schools will be sixty semester hours of collegiate work, exclusive of military and physical education, extending through two years, of thirty-two weeks each, exclusive of holidays, in a college approved by the Council on Medical Education and Hospitals. The subjects included in the two years of college work should be in accordance with the following schedule:

Suggestions Regarding Individual Subjects

"(a) Chemistry. Twelve semester hours required, of which at least eight semester hours must be in general inorganic chemistry, including four semester hours of laboratory work and four semester hours in organic

chemistry, including two semester hours of laboratory work. In the interpretation of this rule, work in qualitative analysis may be counted as general inorganic chemistry.

"(b) Physics. Eight semester hours required, of which at least two must be laboratory work. It is urged that this course be preceded by a course in trigonometry.

"(c) Biology. Eight semester hours required, of which four must consist of laboratory work. This requirement may be satisfied by a course of eight semester hours in either general biology or zoology, or by courses of four semester hours each in zoology and botany, but not by botany alone.

"(d) English Composition and Literature. The usual introductory college course of six semester hours, or its equivalent, is required.

Schedule of Subjects of the Two-Year Premedical College Course

Sixty Semester Hours Required

"Required Subjects:	*Semester Hours*
Chemistry (a)	12
Physics (b)	8
Biology (c)	8
English composition and literature (d)	6
Other non-science subjects (e)	12

Subjects Strongly Urged:

A modern foreign language (f)	6-12
Advanced botany or advanced zoology	3-6
Psychology and logic	3-6
Advanced mathematics, including algebra and trigonometry	3-6
Additional courses in chemistry	3-6

Other Suggested Electives:

English (additional), economics, history, sociology, political science, mathematics, Latin, Greek, drawing.

"(e) Non-science Subjects. Of the sixty semester hours required as the measurement of two years of college work, at least eighteen, including the six semester hours of English, should be in subjects other than the physical, chemical or biologic sciences.

"(f) Foreign Language. A reading knowledge of a modern foreign language is strongly urged. If the reading knowledge of this language is obtained on the basis of high-school work, the student is urged to take another language in his college course. It is not considered advisable, however, to spend more than twelve of the required sixty semester hours on foreign languages.

"(g) In General. This premedical course in both quantity and quality must be such as to make it acceptable as the equivalent of the first two years of the course in reputable, approved colleges of arts and sciences leading to the degree of Bachelor of Science."

These are general statements and some medical schools vary somewhat from them in their requirements. A premedical student will do well to get clearly in mind the specific requirements of the medical school he has chosen in sufficient time to shape his college work accordingly.

Taking these prescribed premedical requirements, together with the normal requirements of the College for the freshman and sophomore years, the student taking the two-year premedical course will be expected to adjust his schedule as follows: Freshman year: English 101-102 or 103-104, six hours; Bible 101, 102, four hours; Chemistry 101-102, eight hours; Biology 101-102, eight hours; Mathematics 101, three hours; Physical Training, two hours; total, thirty-one hours. Sophomore year: English 201, 203, five hours; Chemistry 303-304, eight hours; Physics 201, 202, eight hours; Bible, a course in the "200" group, three hours; Foreign Language, six hours; Physical Training, two hours; total, thirty-two hours.

Other Professions

Students who have the full college course in view as preparation for other professions, such as Law, Engineering, the Ministry, Library work, and Business, should consult the requirements of the professional school, or of the standardizing bodies having to do with their particular field of interest. The officials and instructors in the College will gladly give any information they may have that will be of service to students in shaping their college courses in preparation for meeting such requirements.

DEPARTMENTS OF INSTRUCTION

The courses in each department are numbered to indicate their classification: "100" courses are of freshman rank; "200" courses are of sophomore rank; "300" courses are of junior-senior rank.

Course numbers written together joined by a hyphen (201-202) are continuous year-courses not to be taken in reverse order or one without the other. Course numbers separated by a comma (201, 202) are year-courses with some continunity but may be taken in reverse order or one without the other.

In so far as is possible odd numbers are used to designate first-semester courses; and even numbers, second-semester courses. This breaks down, however, in dealing with a number of single-semester courses.

BIBLE AND RELIGIOUS EDUCATION

PROFESSORS ORR AND RODGERS, AND ASSOCIATE PROFESSORS KIGER AND BASSETT

Graduation Requirements in Bible and Religious Education: Ten hours, including courses 101, 102 and a choice of one course from courses 201 to 205 inclusive and one course from among the courses in the "300" group. In addition to this requirement is to be noted the requirement of six hours in the closely related courses, Philosophy 311 and 312.

Major in Bible and Religious Education: Twenty-one hours above courses 101, 102, including at least two courses in the "200" group and courses 305 or 306, 308, and 309. At least two of the courses above the "100" group courses are to be chosen from among the offerings in the Bible itself.

Related courses prescribed for students majoring in Bible and Religious Education: Psychology 201 and 306, and Education 303.

101. Historical Geography of Bible Lands and Bible Manners and Customs. Required of freshmen.
Two hours, first or second semester.

102. Life of Christ. Required of freshmen.
Two hours, first or second semester.

201. Genesis to Ruth.
Three hours, first or second semester.

202. The Apostolic Church.
Three hours, first or second semester.

203. Principles of Religious Education.
Three hours, first semester.

204. Group Discussions on the Teachings of Jesus.
Three hours, second semester.

205. Old Testament History. Prerequisite, Bible 201.
Three hours, second semester.

208. Christianity in America. Elective for students who have met the freshman and sophomore requirements in Bible.
Three hours, second semester.

209. History of Religion and Christian Missions. Elective for students who have met the freshman and sophomore requirements in Bible. *Three hours, first semester.*

302. Introduction to the New Testament.
Three hours, first or second semester.

303. Old Testament Prophets. *Three hours, first semester.*

304. Poetry and Wisdom Literature of the Old Testament.
Two hours, second semester.

305. The Religious Education of the Elementary Age Group. Elective for juniors and seniors; others by permission.
Three hours, first semester.

306. The Religious Education of Adolescents. Elective for juniors and seniors; others by permission.
Three hours, second semester.

308. Psychology of Religion.
Three hours, second semester.

309. Method and Administration.
Three hours, first semester.

310. Introduction to Philosophy. Identical with Philosophy 310.

311. Ethics. Identical with Philosophy 311.

312. The Grounds of Christian Belief. Identical with Philosophy 312.

BIOLOGY

Professor Green and Associate Professors Hudson and Carroll

Graduation Requirements in Biology: Eight hours of Biology, courses 101-102, may be taken as one of the two elementary year-courses required to be chosen from the group of four subjects: Biology, Chemistry, Mathematics, Physics.

Major in Biology: Eighteen hours above courses 101-102.

Students majoring in Biology should choose courses in line with requirements of such vocational interests as they may have in mind in electing special work in Biology. With this in view the Department suggests major sequences as follows:

For teaching of Biology in high schools: Courses 201, 202, 203, 204, 302, 307, 315.

For medicine and nursing: Courses 202, 303, 307, 308, 309 or 310, 311, 314.

For dentistry: Courses 201, 202, 303, 307 or 309, 310.

For experimental work in agriculture: Courses 201, 202, 203, 204, 302, 303.

For public health service: Courses 201, 202, 203, 303, 307, 308.

For hospital technician: Courses 201, 202, 303, 309, 314.

Related courses prescribed for students majoring in Biology: Chemistry 101-102, Psychology 201.

Students majoring in Biology must do college work in French or German and are greatly benefited by a reading knowledge of both. Premedical students are advised that Greek and Latin are acceptable second languages with German.

101-102. General Biology. Laboratory practice, four hours a week; lecture, two hours. *Four hours, each semester.*

201. Invertebrate Zoology. Laboratory practice, four hours a week; lecture, one hour. *Three hours, first semester.*

202. Vertebrate Zoology. Laboratory practice, four hours a week; lecture, one hour.

Three hours, second semester.

203. Botany. Life History of Plants from Seed to Flower. Laboratory practice, four hours a week; lecture, one hour.

Three hours, first semester.

204. Botany. Plant Morphology. Laboratory practice, four hours a week; lecture, one hour.

Three hours, second semester.

302. Spring Flora. Laboratory practice and field trips, four hours a week; lecture, one hour. Given in 1933-1934.

Three hours, second semester.

303. General Bacteriology. Laboratory practice, four hours a week; lecture, one hour.

Three hours, first or second semester.

307, 308. Physiology and Anatomy. Laboratory practice, four hours a week; lecture, one hour.

Three hours, each semester.

309. Anatomy of the Cat. Prerequisite, Biology 202. Laboratory practice, four hours a week; lecture, one hour.

Three hours, first semester.

310. Physiology of the Brain, Cord, Eye, and Ear. Laboratory practice, four hours a week; lecture, one hour.

Three hours, second semester.

311, 312. Vertebrate Embryology. Prerequisite, Biology 202. Laboratory practice, four hours a week; lecture, one hour.

Three hours, each semester.

314. Histology. Laboratory practice, four hours a week; lecture, one hour. *Three hours, second semester.*

315. The Teaching of Biology in the High School. Identical with Education 329. Not credited on major in Biology.

Three hours, first semester.

CHEMISTRY

Professor Howell and Associate Professor Griffitts

Graduation Requirements in Chemistry: Eight or six hours, courses 101-102 or 111-112 may be taken as one of the two elementary year-courses required to be chosen from the group of four subjects: Biology, Chemistry, Mathematics, Physics.

Major in Chemistry: Twenty hours above courses 101-102 including courses 201, 301, 303-304.

Related courses required of students majoring in Chemistry: Biology 101-102, Physics 201, 202, and at least six hours of advanced work in a science other than Chemistry.

Foreign-language work equivalent to two years of college work in French or German is required of all students majoring in Chemistry.

101-102. General Chemistry. Laboratory practice, four hours a week; lecture, two hours. *Four hours, each semester.*

111-112. General Chemistry. Non-technical course. Laboratory practice, two hours a week; lecture, two hours. *Three hours, each semester.*

201. Qualitative Analysis. Prerequisites, Chemistry 101-102. Laboratory practice, four hours a week; lecture, one hour. *Three hours, first semester.*

202. Advanced Qualitative Analysis. Prerequisites, Chemistry 101-102. Laboratory practice, four hours a week; lecture, one hour. Given in 1933-1934. *Three hours, second semester.*

301-302. Quantitative Analysis. Prerequisites, Chemistry 101-102 and 201. Laboratory practice, four hours a week; lecture, one hour. *Three hours, each semester.*

303-304. Organic Chemistry. Prerequisites, Chemistry 101-102. Laboratory practice, four hours a week; lecture, two hours. *Four hours, each semester.*

305-306. Physical Chemistry. Prerequisites, Chemistry 101-102, 201, 301 or 302, 303-304, and advanced mathematics and physics. Laboratory practice, four hours a week; lecture, one hour. *Three hours, each semester.*

307-308. Physiological Chemistry. Prerequisites, Chemistry 303-304. Laboratory practice, four hours a week; lecture, one hour. *Three hours, each semester.*

310. The Teaching of Physical Sciences in the High School. Identical with Education 330. Not credited on a major in Chemistry. *Three hours, second semester.*

ECONOMICS

PROFESSOR MCMURRAY

Major in Economics: Twenty-one hours.

Related courses prescribed for students majoring in Economics: Education 308, Psychology 308, Sociology 201, 202 or Political Science 201, 202.

The foreign-language work of students majoring in Economics should include college work in a modern foreign language.

201, 202. Economic Principles.
Three hours, each semester.

304. Economic History of the United States.
Three hours, second semester.

305. Economics of Marketing and Advertising. Prerequisite or parallel, Economics 201. Given in 1933-1934.
Three hours, first semester.

306. Money and Banking. Prerequisite, Economics 201. Given in 1933-1934. *Three hours, second semester.*

307, 308. Current Political and Economic Problems. Prerequisites, Political Science 201, 202 and Economics 201, 202. Identical with Political Science 307, 308.
Three hours, each semester.

309. Principles of Business Administration.
Three hours, first semester.

310. Financial Organization.
Three hours, second semester.

EDUCATION

PROFESSOR FIELDS AND ASSOCIATE PROFESSORS GAMBLE AND KELLER AND OTHER TEACHERS AS INDICATED

Graduation Requirements in Education: None. However, the student who expects to teach should, by the end of his freshman year, be familiar with the requirements for certification to teach in the State of his choice. He should then elect the courses in Education and Psychology best suited to his needs.

Major in Education: Twenty-one hours in keeping with the sequences suggested below. Psychology 201 is a prerequisite to all work in Education and should, if possible, be taken in the first semester of the sophomore year. The general student is advised against electing to major in Education. However, the following major sequences are suggested:

For teaching in the elementary school: Courses 303, 305, 308, 311, 312, 314, 351.

For teaching in the high school: Courses 250, 302, 303, 312, 314, and six hours elective.

Practice teaching in the high school: By special arrangement with local high schools, observation and practice-teaching is offered to seniors who meet the following requirements: (1) successful completion of Education 250 and 302, (2) the approval of the Department of Education and of the department represented by the subject in which the practice-teaching is to be done. The practice-teaching must be done either in the student's major subject or in a subject in which he has completed an acceptable teaching minor. Applications for practice-teaching assignments must be filed during the semester preceding that in which the work is desired. Assignments will be held until September 1, for the first semester, and until January 10, for the second semester. If by those dates the fee of $10.00 has not been paid, the assignment will be cancelled. After those dates the fee for registration for the ensuing semester is $15.00.

250. Principles of Secondary Education.
Three hours, first or second semester.

302. Methods of Teaching in High School. Prerequisite, Education 250. *Three hours, first or second semester.*

303. History of Education.
Three hours, first or second semester.

305. Child Study. *Three hours, first semester.*

307. Educational Administration.
Three hours, first semester.

308. Elementary Statistics.
Three hours, first semester.

309. Observation and Practice Teaching.
Three hours, first or second semester.

310. Advanced Observation and Practice Teaching. Prerequisite, Education 309. *Three hours, second semester.*

311. Mental Measurement. Prerequisite, Education 308. Laboratory practice, four hours a week; lecture, one hour.
Three hours, second semester.

312. Philosophy of Education.
Three hours, second semester.

314. Educational Psychology.
Three hours, first or second semester.

351. The Elementary School.
Three hours, first semester.

Special Methods Courses

The courses listed below are not credited on a college major in Education or on the respective departmental majors but are accepted by the various State departments of Education as special methods courses which apply on teachers' certificates. Education courses 250 and 302 are prerequisites for all special methods courses.

316. Teaching of Latin in the High School. Identical with Latin 304.—Miss Bassett.

320. Teaching of English in the High School. Identical with English 310.—Miss Johnson.

322. Methods of Teaching Home Economics. Identical with Home Economics 315.—Miss Brown.

326. Teaching of French in the High School. Identical with French 306.—Miss Wilkinson.

327, 328. The Coaching and Teaching of Athletics.—Professor Honaker.

329. The Teaching of Biology in the High School. Identical with Biology 315.—Miss Green.

330. The Teaching of the Physical Sciences in the High School. Identical with Chemistry 310 and Physics 310.—Professor Howell.

ENGLISH

PROFESSOR HUNTER, ASSOCIATE PROFESSORS SHINE, ALEXANDER, HERON, JOHNSON, CLEMENS

Graduation Requirements in English: Eleven hours, courses 101-102 or 103-104, 201, 203 (students majoring in English are not held for the requirement of English 203).

Major in English: Twenty-three hours above courses 101-102 or 103-104, including courses 201, 209-210, 304 or 311, and 305.

Related courses prescribed for students majoring in English: History 309-310, and Philosophy 310 or Greek 308.

Foreign-language work equivalent to two years of college work in French or German or Latin is required of all students majoring in English.

00. English Fundamentals. For students who are found deficient in preparation for college English. No credit is given for this special work.

101-102. Freshman English. Required of freshmen placed in the lower half of the class by the placement examination.
Three hours, each semester.

103-104. Freshman English. Required of freshmen placed in the upper half of the class by the placement examination.
Three hours, each semester.

201. Systematic Discourse. Required of sophomores.
Two hours, first or second semester.

203. Literary Masterpieces. Required of sophomores, except those majoring in English.
Three hours, first or second semester.

207. Principles of Poetic Form and Content. Given in 1934-1935. *Two hours, first semester.*

208. Contemporary Poetry. Given in 1934-1935. *Two hours, second semester.*

209-210. Survey of English Literary History. *Three hours, each semester.*

301. Introduction to the Study of Language. Given in 1934-1935. *Three hours, first semester.*

302. Advanced Composition. Given in 1933-1934. *Three hours, second semester.*

303. Chaucer. Given in 1933-1934. *Three hours, first semester.*

304. American Poetry. *Three hours, first semester.*

305. Shakespeare. *Three hours, first semester.*

306. Shakespeare. *Three hours, second semester.*

307. Contemporary Drama. Given in 1933-1934. *Two hours, first semester.*

308. Browning. Given in 1933-1934. *Two hours, second semester.*

309. English Romanticism. Given in 1933-1934. *Three hours, first semester.*

310. Teaching of English in the High School. Identical with Education 320. Not credited on major in English. *Three hours, second semester.*

311. American Prose. *Three hours, second semester.*

312. The Novel. Given in 1934-1935. *Three hours, second semester.*

313. Milton. Given in 1934-1935. *Three hours, first semester.*

314. Advanced Readings in English. Given in 1933-1934. *Three hours, second semester.*

FRENCH

Associate Professors Wilkinson and Lagerstedt, and Miss Beebe

Graduation Requirements in French: Twelve hours if French is the only language taken in college; six hours if two units of high-school French are offered and another language is taken in college.

Major in French: Eighteen hours above courses 101-102.

Related courses prescribed for students majoring in French: History 201, 202.

Students majoring in French will meet their graduation requirements in foreign language by work in another language.

101-102. Elementary French.

Three hours, each semester.

201-202. Intermediate French.

Three hours, each semester.

301, 302. Advanced French.

Three hours, each semester.

303, 304. Classical Drama. Given in 1933-1934.

Three hours, each semester.

305. Eighteenth Century Drama. Given in 1934-1935.

Three hours, first semester.

306. Teaching of French in the High School. Identical with Education 326. Elective for juniors and seniors who have had other college work in French. Not credited on major in French. Given in 1934-1935.

Three hours, second semester.

GERMAN

Professor Hussey and Associate Professor Lagerstedt

Graduation Requirements in German: Twelve hours if German is the only language taken in college; six hours if two units of high-school German are offered and another language is taken in college.

Major in German: Eighteen hours above courses 101-102.

Related courses prescribed for students majoring in German: History 201, 202.

Students majoring in German will meet their graduation requirements in foreign language by work in another language.

101-102. Elementary German.
Three hours, each semester.

201-202. Intermediate German.
Three hours, each semester.

301, 302. Advanced German. Given in 1933-1934.
Three hours, each semester.

303, 304. Goethe and Schiller. Given in 1934-1935.
Three hours, each semester.

GREEK

Professor Davis

Graduation Requirements in Greek: Twelve hours if Greek is elected by the student in satisfaction of graduation requirements in foreign language.

Major in Greek: Eighteen hours above courses 101-102. Courses 101-102, 201, 202 are taught each year. Of the remaining courses in Greek the two best suited to the needs of those electing advanced work in Greek are offered each year.

Related courses prescribed for students majoring in Greek: History 207, English 301, and Greek 308.

101-102. Elementary Greek.
Three hours, each semester.

201-202. Second Year Greek. Xenophon and Homer.
Three hours, each semester.

207. Greek History. No foreign-language requirement. Identical with History 207. *Three hours, first semester.*

301. Plato. Apology and Crito.
Three hours, first semester.

302. Tragedy. Sophocles and Euripides.
Three hours, second semester.

304. Comedy. Aristophanes.
Three hours, second semester.

305. Oratory. Lysias. *Three hours, first semester.*

306. Greek Testament. Given in 1933-1934.
Three hours, second semester.

308. Greek Literature in Translation. No knowledge of the Greek language required. Given in 1934-1935.
Three hours, second semester.

HISTORY

Associate Professors Jewell, Queener, and Bassett

Graduation Requirements in History: Six hours, courses 101-102.

Major in History: Twenty-one hours above courses 101-102, including at least nine hours of work in courses of the "300" group.

Related courses prescribed for students majoring in History: Twelve hours selected from the other fields of Social Science: Economics, Political Science, Sociology.

101-102. A Survey of History. European and American. Required of freshmen or sophomores.
Three hours, each semester.

201, 202. Medieval and Modern European History.
Three hours, each semester.

203, 204. American History.
Three hours, each semester.

207. Greek History. Identical with Greek 207.

208. Roman History. Identical with Latin 208.

301. Nineteenth Century European History.
Three hours, first semester.

303. History of Civilization. Given in 1933-1934.
Three hours, first semester.

304. Economic History of the United States. Identical with Economics 304.

305. History of the South. Prerequisites, History 203, 204. *Three hours, second semester.*

309, 310. English History. *Three hours, each semester.*

HOME ECONOMICS

Professor Brown and Associate Professor Meiselwitz

The degree of Bachelor of Science in Home Economics is given to students taking the major in Home Economics and meeting the general and specific requirements for the degree as specified.

The general requirements for the B.S. in H.E. degree are the same as those for the B.A. degree, as follows: Bible, 10 hours; English, 11 hours; Foreign Language, 12 hours; History, 6 hours; Philosophy, 6 hours; Physical Training, 4 hours.

The special requirements outside the field of Home Economics are: Biology 102 and 303, seven hours, and Chemistry 101-102, eight hours, and twelve hours of additional work in Science or Science and Mathematics. The allocation of the Home Economics courses by years and their correlation with the general requirements follow: Freshman year: English, 6 hours; Bible, 4 hours; Chemistry, 8 hours; Language, 6 hours; Home Economics, 6 hours; Physical Training, 2 hours. Sophomore year: History, 6 hours; Bible, 3 hours; Biology 102, 3 hours; Language, 6 hours; Home Economics, 6 hours; Physical Training, 2 hours. Junior year: English, 5 hours; Home Economics, 6 to 12 hours; Biology 303, 3 hours; Bible, 3 hours; Science, 6 hours. Senior year: Philosophy, 6 hours; Home Economics, 9 to 12 hours; Science, 6 hours.

Major in Home Economics: Thirty to thirty-six hours. Two types of major are provided with specifications as indicated.

Major for students not preparing to teach Home Economics: Courses 101, 102, 201, 202, 204 or 304, 301, 302, 305 (or Biology 307 or 308), 307, 308, 310, 312. Thirty hours.

Major for students preparing to teach Home Economics: Courses 101, 102, 201, 202, 204, 301, 302, 304, 305 (or Biology 307 or 308), 307, 308, 310, 312, 315. Thirty-six hours.

Students majoring in Home Economics are required to have the equivalent of two years of college work in French or German.

101. Elementary Clothing Construction. Laboratory practice, four hours a week; lecture, one hour. *Three hours, first semester.*

102. Elementary Foods. Prerequisite, Chemistry 101. Parallel, Chemistry 102. Laboratory practice, four hours a week; lecture, one hour. *Three hours, second semester.*

201. Foods and Cookery. Prerequisites, Chemistry 101-102 and Home Economics 102. Laboratory practice, four hours a week; lecture, one hour.

Three hours, first semester.

202. Costume Design. Laboratory practice, four hours a week; lecture, one hour. *Three hours, second semester.*

204. Textiles and Clothing Construction. Prerequisite, Home Economics 101, prerequisite or parallel, Home Economics 202. Laboratory practice, four hours a week; lecture, one hour. *Three hours, second semester.*

301. Interior Decoration. Laboratory practice, four hours a week; lecture, one hour. *Three hours, first semester.*

302. Child Care. *Two hours, second semester.*

304. Dietetics and Cookery. Prerequisites, Home Economics 102 and 201 and Chemistry 303-304. Laboratory practice, four hours a week; lecture, one hour.

Three hours, second semester.

305. Physiology. *Two hours, first semester.*

307. Household Management.

Two hours, first semester.

308. Home Nursing. Prerequisite, Home Economics 305, or Biology 307 or 308. *Two hours, second semester.*

309. Advanced Dressmaking. Prerequisites, Home Economics 101 and 204. Laboratory practice, four hours a week; lecture, one hour. *Three hours, first semester.*

310. Advanced Survey of Home Economics. Prerequisite, Home Economics 307. *Three hours, second semester.*

311. Special Problems in Home Economics. Details to be arranged with the instructor.

One hour, first or second semester.

312. Home-Management House. Seniors.
One hour, first or second semester.

313. Survey of Foods. Laboratory practice, four hours a week; lecture, one hour. Elective for juniors and seniors not majoring in Home Economics.
Three hours, first semester.

314. Survey of Clothing. Laboratory practice, four hours a week; lecture, one hour. Elective for juniors and seniors not majoring in Home Economics.
Three hours, second semester.

315. Methods of Teaching Home Economics. Identical with Education 322. *Three hours, first semester.*

316. Applied Arts. Laboratory practice, four hours a week. Elective for juniors and seniors.
Two hours, first semester.

1M. Problems in the Selection of Foods and Clothing for Men. Laboratory practice, two hours a week; lecture, one hour. Elective for junior and senior men.
No credit, second semester.

LATIN

PROFESSOR DAVIS AND ASSOCIATE PROFESSOR BASSETT

Graduation Requirements in Latin: Six to twelve hours if Latin is elected by the student in satisfaction of graduation requirements in foreign language. The student offering two or three units of high-school Latin will take twelve hours if he continues Latin in college. The student offering four units of high-school Latin may fulfill his graduation requirements in foreign language by taking six hours of Latin in college.

Major in Latin: Eighteen hours including courses 101, 102. Courses 1-2; 11-12; 101, 102; 201, 202 are taught each year, and two other advanced courses best suited to the needs of those electing advanced work in Latin are offered each year.

Related courses prescribed for students majoring in Latin: History 208, English 301, Greek 308. Greek 101-102 is recommended for students majoring in Latin.

Students majoring in Latin will meet their graduation requirements in foreign language by work in another language.

1-2. Elementary Latin. *Three hours, each semester.*

11-12. Cicero and Vergil. Open to students entering with two or three units of Latin. Does not repeat the reading of third year high-school Latin. *Three hours, each semester.*

101. Livy. Book xxi and selections.
Three hours, first semester.

102. Cicero. De Senectute and De Amicitia.
Three hours, second semester.

201. Cicero and Pliny. Letters. Prerequisites, Latin 101, 102. *Three hours, first semester.*

202. Horace. Odes and Epodes.
Three hours, second semester.

208. Roman History. No foreign-language requirement. Identical with History 208. *Three hours, second semester.*

301. Horace and Juvenal. Satires.
Three hours, first semester.

302. Tacitus and Seneca. *Three hours, second semester.*

303. Plautus and Terence. *Three hours, first semester.*

304. Teaching of Latin in the High School. Identical with Education 316. Juniors and seniors who have had other college work in Latin. Not credited on major in Latin.
Three hours, second semester.

MATHEMATICS

Professor Knapp and Acting Professor Walker

Graduation requirements in Mathematics: Six hours of Mathematics may be taken as one of the two elementary year-courses required to be chosen from the group of four subjects: Biology, Chemistry, Mathematics, Physics.

Major in Mathematics: Eighteen hours above courses 101, 102. If Solid Geometry is not offered from high school the student majoring in Mathematics must satisfy the Department, by examination or otherwise,

before enrolling for the junior year, of satisfactory knowledge of this subject.

Related courses prescribed for students majoring in Mathematics: Physics 201, 202; Chemistry 101-102.

Foreign-language work equivalent to two years of college work in French or German is required of all students majoring in Mathematics.

101. Plane Trigonometry. *Three hours, first semester.*

102. Plane Analytic Geometry. Prerequisite, Mathematics 101. *Three hours, second semester.*

202. College Algebra. *Three hours, second semester.*

204. Plane Surveying. Prerequisite, Mathematics 101. Field-work, six hours a week.
Three hours, second semester.

205, 206. Differential and Integral Calculus. Prerequisite, Mathematics 102. *Four hours, each semester.*

301. Solid Analytic Geometry. Prerequisite, Mathematics 102. Given in 1934-1935. *Two hours, first semester.*

302. Spherical Trigonometry. Prerequisite, Mathematics 101. Given in 1934-1935. *Two hours, second semester.*

303, 304. Differential Equations. Prerequisites, Mathematics 205, 206. *Two hours, each semester.*

305. Theory of Equations. Given in 1933-1934.
Three hours, first semester.

306. History of Mathematics.
Three hours, second semester.

308. Modern Geometry. Given in 1933-1934.
Two hours, second semester.

309. Astronomy. Prerequisite, Mathematics 101.
Four hours, first semester.

MUSIC

Degree credit for theoretical and applied music is given in the courses listed below to the amount of twelve semester hours, not more than six hours of which may be in applied music.

Credit in applied music is computed on the basis of one private lesson a week with the required practice and necessary supplementary work counting as three semester hours of credit. All of the applied music credit must be earned in the same field of music; i.e., all in piano, or all in violin, or all in voice.

201, 202. Theory and Harmony.
Three hours, each semester.

205, 206. History and Appreciation.
Three hours, each semester.

209. Public School Music.
Three hours, first semester.

215, 216. Applied Music. Piano.
Three hours, each semester.

219, 220. Applied Music. Violin.
Three hours, each semester.

225, 226. Applied Music. Voice.
Three hours, each semester.

PHILOSOPHY

Professor Orr and President Lloyd

Graduation Requirements in Philosophy: Six hours, courses 311, 312.

310. Introduction to Philosophy. Open to juniors.
Three hours, second semester.

311. Ethics. Required of seniors.
Three hours, first semester.

312. The Grounds of Christian Belief. Required of seniors.
Three hours, second semester.

PHYSICAL TRAINING

PROFESSOR HONAKER, MR. THROWER, MRS. QUEENER, AND MR. FISCHBACH

Graduation Requirements in Physical Training: Four hours.

The work of the physical-training program is varied with the view to providing each student instruction in the actual practice and in the theory of a number of sports. Classes in basketball, tennis, swimming, soccer, golf, track athletics, and other sports are conducted each semester for both men and women. Each student is required to elect a different sport each semester so that in meeting the requirement for the two years he has training in the practice and theory of four different sports.

Students whose physical-examination report indicates conditions making it unwise for them to engage in strenuous games are placed in a group doing corrective gymnastics adapted to the individual physical condition of each member.

Physical Training. Required of freshmen and sophomores, two hours a week. *One hour, each semester.*

327, 328. The Coaching and Teaching of Athletics. Identical with Education 327, 328. Lecture, three hours a week. *Two hours, each semester.*

PHYSICS

ACTING PROFESSOR WALKER

Graduation Requirements in Physics: Eight hours, courses 201, 202, may be taken as one of the two elementary year-courses required to be chosen from the group of four subjects: Biology, Chemistry, Mathematics, Physics.

Major in Physics: Twenty hours.

Related courses prescribed for students majoring in Physics: Mathematics 101, 102; 205, 206; Chemistry 101-102.

Foreign-language work equivalent to two years of college work in French or German is required of all students majoring in Physics.

201. Mechanics, Sound, and Heat. Prerequisite or parallel, Mathematics 101. Laboratory practice, four hours a week; lecture, two hours. *Four hours, first semester.*

202. Light, Magnetism, and Electricity. Prerequisite or parallel, Mathematics 101. Laboratory practice, four hours a week; lecture, two hours. *Four hours, second semester.*

301. Heat and Thermodynamics. Prerequisite, Physics 201. Laboratory practice, four hours a week; lecture, one hour. *Three hours, first semester.*

302. Advanced Electricity. Prerequisites, Physics 202 and Mathematics 205, 206. Laboratory practice, four hours a week; lecture, one hour. *Three hours, second semester.*

305. Advanced Light. Prerequisites, Physics 202 and Mathematics 205, 206. Laboratory practice, four hours a week; lecture, one hour. *Three hours, first semester.*

306. Advanced Mechanics. Prerequisites, Physics 201 and Mathematics 205, 206. *Three hours, second semester.*

310. The Teaching of Physical Sciences in the High School. Identical with Chemistry 310.

POLITICAL SCIENCE

PROFESSOR MCMURRAY

Major in Political Science: Nineteen hours.

Related courses prescribed for students majoring in Political Science: History 201, 202 or 203, 204; Economics 201, 202; Sociology 201.

The foreign-language work of students majoring in Political Science should include college work in a modern foreign language.

201, 202. American Government.
Two hours, each semester.

203. Comparative Government. Prerequisite or parallel, Political Science 201. *Three hours, first semester.*

204. Political Parties and Practical Politics. Prerequisite, Political Science 201. *Three hours, second semester.*

301. International Relations. Prerequisites, Political Science 201, 203. Given in 1934-1935.
Three hours, first semester.

307, 308. Current Political and Economic Problems. Prerequisites, Political Science 201, 202 and Economics 201, 202. Identical with Economics 307, 308.
Three hours, each semester.

PSYCHOLOGY

Professor Fields and Associate Professor Gamble

Major in Psychology: Twenty-one hours, including courses 201, 250, 303, 304, 313, and 320 (the last-named to be taken during the senior year).

Related courses prescribed for students majoring in Psychology: Biology 101-102.

Foreign-language work equivalent to two years of college work in German or French, preferably German, is required of all students majoring in Psychology.

201. General Psychology. Prerequisite for any further work in the Department.

Three hours, first or second semester.

250. Advanced General Psychology.

Three hours, second semester.

303. General Experimental Psychology. Laboratory practice, four hours a week; lecture, one hour.

Three hours, first semester.

304. Advanced General Experimental Psychology. Laboratory practice, four hours a week; lecture, one hour. Prerequisite, Psychology 303. *Three hours, second semester.*

306. Social Psychology.

Three hours, second semester.

308. Applied Psychology.

Three hours, second semester.

310. Comparative Psychology.

Three hours, first semester.

312. Personality. *Two hours, second semester.*

313. Elementary Statistics. Identical with Education 308.

314. Mental Measurements. Identical with Education 311.

315. Minor Psychological Problems. Prerequisites, courses 303 and 304. *Credit hours to be arranged.*

320. Contemporary Psychological Literature. One two-hour period per week. Maximum credit, three hours.

One hour, first or second semester.

SOCIOLOGY

PROFESSOR MCMURRAY

Major in Sociology: Twenty-one hours.

Related courses prescribed for students majoring in Sociology: Education 308; Psychology 306; Political Science 201, 202 or Economics 201, 202. Students planning to major in Sociology will elect as one of the required sciences Biology 101-102.

The foreign-language work of students majoring in Sociology should include college work in a modern foreign language.

201, 202. Principles of Sociology.
Three hours, each semester.

301. City Problems. Given in 1933-1934.
Two hours, first semester.

302. Rural Problems. Given in 1933-1934.
Two hours, second semester.

303. Social Pathology. Prerequisite or parallel, Sociology 201. Given in 1934-1935. *Two hours, first semester.*

304. Educational Sociology. Prerequisite, Sociology 201. Given in 1934-1935. *Two hours, second semester.*

307. Criminology. *Three hours, first semester.*

308. Race Problems. *Three hours, second semester.*

311, 312. Current Social Problems.
Two hours, each semester.

SPANISH

ASSOCIATE PROFESSOR SMITH

Graduation Requirements in Spanish: Twelve hours if Spanish is the only language taken in college; six hours if two units of high-school Spanish are offered and another language is taken in college.

Major in Spanish: Eighteen hours above courses 101-102.

Related courses prescribed for students majoring in Spanish: History 201, 202.

Students majoring in Spanish will meet their graduation requirements in foreign language by work in another language.

101-102. Elementary Spanish.
Three hours, each semester.

201-202. Intermediate Spanish.
Three hours, each semester.

305, 306. Advanced Spanish Reading. Given in 1934-1935.
Three hours, each semester.

307. Spanish Conversation and Composition. Given in 1933-1934. *Three hours, first semester.*

308. Classical Spanish. Given in 1933-1934.
Three hours, second semester.

SPEECH

Degree credit for work in Speech is given in the courses listed below to the amount of twelve semester hours. A maximum of eight semester hours in the courses in debate and public speaking is set for any one student.

101, 102. Freshman Debate. *One hour, each semester.*

203, 204. Elements of Expression in Speech.
Three hours, each semester.

207. Advanced Public Speaking. Open to students of sophomore classification or above.
Two hours, first semester.

208. Advanced Public Speaking. Prerequisite, Speech 201.
One hour, second semester.

305, 306. Literary and Dramatic Interpretation.
Three hours, each semester.

DEPARTMENTS OF SPECIAL INSTRUCTION

ITEMIZED CHARGES FOR EACH SEMESTER

(Double these rates will give the amounts for the year)

Music (vocal or instrumental), one individual lesson a week	$15.00
Courses in Music, Nos. 201, 202 (Theory and Harmony), 205, 206 (History and Appreciation), 209 (Public School Music) (see page 47), each	3.00
Expression	24.00
Courses in Speech, Nos. 203, 204 (Elements of Expression in Speech), 305, 306 (Literary and Dramatic Interpretation) (see page 52), each	3.00
Story Telling, one class lesson a week	3.00
Art, one three-hour lesson in oil or water-color painting a week	15.00
Piano rental (an hour a day)	6.00
Graduation fee (payable at beginning of second semester of the graduating year)	2.50

MUSIC

It is the purpose of these courses to lay a firm technical foundation that will lead to the expression of the highest musical thought and emotion. The works of the best masters are employed through all grades, so that the pupil may grow continually in musical taste and may develop a sympathetic comprehension of all that enters into artistic performance. The study of harmony, the theory of music, and the history of music is urged. Pupils are required to read and pass examinations upon reference works, provided in the Library, as assigned by the teachers. Lectures are given during the year by the head of the department on the subject of musical appreciation. Compositions are played and analyzed, and an effort is made to point out their underlying thought and meaning. Recitals also are given by the students of the department in the chapel auditorium.

On account of the individual needs of the pupil, it is considered inadvisable to adhere too persistently to any special set of exercises and studies, but advisable, rather, to select those that will meet the particular requirements of each pupil. A general idea of the various courses may be had from the following outlines.

Credit toward the regular college degree is given in the courses in Music offered by this Department and listed on page 47.

Piano

MISS HALE AND MRS. HUBER

ELEMENTARY COURSE. Building up the hand. Correcting improper or faulty hand positions, and the reinforcing of the hand by means of exercises. Training in a knowledge of notes, their relationship to the keyboard, rhythm, and the like. Studies and sonatas selected from the works of Czerny, Bertini, Clementi, Handel, Mozart, and Beethoven, supplemented by easy pieces from modern composers, such as Schumann, Schytté, Reinecke, and Scharwenka.

INTERMEDIATE COURSE. More difficult forms of scale, including major and minor scales, scales in thirds, sixths, and tenths; broken chords and arpeggios with their inversions; dominant and diminished seventh chords in their different positions. Studies of considerable technical difficulty from the works of Czerny, Berens, and Cramer. Emphasis on the study of Bach's two-part and three-part Inventions. Classical compositions, including sonatas, from the works of Beethoven, Mozart, and Haydn. Study of the best modern compositions. There are classes in piano ensemble in which pupils of different degrees of advancement have practice in playing with others on as many as eight pianos. By the end of the Intermediate Course the pupil must be able to play at least five compositions from memory.

ADVANCED COURSE. Studies of technical difficulty, including "Gradus ad Parnassum," Clementi, Mocheles, and Chopin; also compositions by Beethoven, Schumann, Mendelssohn, and others, supplemented by those of the best modern composers. The pupil is required to appear several times in recital, playing from memory whatever compositions are selected. It is also necessary to cover the requirements in Harmony and History of Music, and in Normal Training. When the pupil has done the work of this course successfully, he is entitled to a diploma in Piano, and upon graduation will be assisted in securing a position by the college agency, the Committee on Recommendations, if so desired.

Post-Graduate in Piano, 1933

VIOLA RUTH HENRY

Voice

MISS FRANCES HENRY

Correct breathing and breath control. Placing of the voice and development of the resonance. Enunciation and diction. Training of mind and ear. Concone, Sieber, Root, Marzo, and Lütgen studies used. Song interpretations and repertoire work, including the Classics, German Lieder, Opera, and Oratorio.

The requirements in Harmony, Theory of Music, and History of Music are the same for graduation in Voice as are those required in Piano. In

addition, the pupil must be able to sing in at least one language (Italian, German, or French) besides his own; must be able to play moderately difficult accompaniments with facility; must sing in the vesper choir for one year; and must give a public recital.

Graduate in Voice, 1933

NORMA JEAN SPILATORE

Violin

MISS BUTCHER

Private instruction is given to each pupil. Sevcik and DeBeriot's Methods are used for beginners, followed by technical studies of Wohlfahrt, Sitt, Sevcik, Schradieck, Kayser, Mazas, Fiorillo, Rode, and Kreutzer, with solo selections. Ensemble work is made a regular exercise in the college orchestra, which meets each week, and plays for many of the public entertainments and chapel exercises.

Musical Organizations

VESPER CHOIR. Members are selected on a basis of voice, correct ear, knowledge of musical notation, punctuality, and regularity of attendance. Rehearsals are held once each week. Two sacred concerts are given during the year. Although no credit is given, the work of the choir is an enviable training for students who undertake church work.

GLEE SINGERS. Accessible to men that have a fair knowledge of the rudiments of vocal music. Voice tests are given early in the fall. The Glee Singers give at least one home concert each year.

GIRLS' GLEE CLUB. Requirements are the same as in the case of the Vesper Choir. Concerts are given during the year.

ORCHESTRA. Opportunity to become a member of the orchestra is given to any student having sufficient musical training.

BAND. Membership in the band is open to any student possessing a fair knowledge of band music.

EXPRESSION

This course of study is designed to meet the needs of those that desire to become teachers of reading and public speaking and to develop greater effectiveness as platform readers or public speakers. The aim is to cultivate the power to appreciate and interpret standard literature, and to secure simplicity and naturalness in the development of individual powers of expression. The individual needs of each pupil are studied, and care is taken to prevent affectation or artificiality. The methods pursued are creative, and embody practice in rendering selections from great writers.

A three years' course of study is offered. A diploma of graduation is granted in Expression to those who, having previously completed fifteen units of high-school work, complete the courses as outlined. Double work may be permitted in cases of unusual ability, or previous training, but the diploma of graduation is not granted to students having fewer than fifty-eight semester hours' credit.

Credit toward the regular college degree is given in the courses in Speech 203, 204, 305, 306 offered by this Department and listed on page 52.

Expression

Mrs. West and Miss Holland

1. Voice, Action, and Reading. Voice culture, physiology of the vocal organs, breathing, open throat, tone projection, tone support, responsiveness of the voice, correcting defects of the voice, articulation, pronunciation, exercises for grace and poise in expression, gesture, and pantomime. Individual training and practice. Individual lesson, one-half hour; practice, five hours; class lesson, two hours; and gymnasium drill, two hours; each week throughout the year.

2. Dramatization. Voice culture and physical training as outlined for the first year's course. Individual training and practice of advanced grade. Work in Story Telling. Stage technique and make-up. Pageantry. A number of plays are prepared and presented by the Maryville College Players, an organization composed of the students taking this course. Individual lesson, one hour; practice, five hours; class lesson, one hour; and gymnasium drill, two hours; each week throughout the second year.

3. Bible Reading and Shakespeare. Class work in these branches throughout the year. Voice culture and physical training continued. Individual training and practice of advanced grade. Individual lesson, one hour; practice, five hours; class lesson, one hour; each week throughout the third year.

College courses, also, including English 101-102, 201, and 203, two courses in Bible, and courses in other departments, totaling at least fifty-eight semester hours' credit with an average of C, must be taken.

Story Telling

Miss Holland

Story telling is a recognized art of permanent value. The course as arranged is an integral part of the three-year course of training in Expression, and is required, for at least one semester, of all who intend to graduate in Expression. The course, however, is also open to all other students in the College. The course is intended to enable the student to choose short stories, or to adapt long stories, for telling to children from the age of three years to youth of about eighteen years, as they pass from the rhythmic

to the romantic age. The work is of special value as part of the equipment of community service workers. Fundamental voice training and pantomime are given, and the effort is made to develop poise and freedom. Classroom work, one hour a week.

Voice Training and Bible Reading

MRS. WEST

Class work available to students who are preparing for the gospel ministry. Lectures and practice. Two hours a week.

ART

MISS BIRD

FREE-HAND DRAWING. Class lessons in free-hand drawing are available to students of all the other departments without extra charges. These lessons are designed to lay a foundation for work on industrial and artistic lines. The student is taught to draw from still-life objects, including casts, and from nature.

FINE ARTS. Certificates of proficiency are granted to students who, after at least three years' study, have proved themselves entitled to them. First Year: structural form; light and dark masses in objects; still-life groups and landscape; simple compositions and color work; perspective and memory problems; study of pictures. Charcoal, crayola, water color, and oil. The pupil submits for exhibition four studies illustrating structural form, in black and white; four still-life groups, in black and white or in oils; and four landscapes. Second Year: elementary design; drawing and painting from still life, landscape, and life; composition and picture study, with memory work; history of art. Exhibition: two original designs; four landscapes in color; four still-life groups; and one original composition. Third Year: drawing from cast and from life; landscape and outdoor sketching; advanced still-life work; color theory and perspective; composition and picture study; history of art. Exhibition: two charcoal drawings from casts; four landscapes (two from nature); two still-life groups; and two sketches from life.

Courses in china painting may be arranged for.

GENERAL INFORMATION

LOCATION

The College is located in Maryville, which is the county seat of Blount County, Tennessee. Maryville has a population of about five thousand; another five thousand people live in Alcoa, a twin corporation. It is located sixteen miles south of Knoxville, in the Tennessee Valley, near the Great Smoky Mountains National Park, in one of the most healthful sections of the United States, at an elevation of one thousand feet above sea level.

Maryville is reached from Knoxville by busses leaving from the bus terminal station, Gay at Wall Street; and by the Southern Railway, which, however, has only one train a day.

Maryville is but a short distance from the Norris Dam, now being built by the Tennessee Valley Authority, and is in the midst of the area in which the Federal Government is developing the great Tennessee Valley experiment.

COLLEGE STATION POST OFFICE

A branch of the United States post office at Maryville is located on the campus. All the usual post-office conveniences are furnished. Mail is delivered to the dormitories and offices. Students should have their mail addressed, College Station, Maryville, Tennessee, adding the name of the dormitory in which they room, and their room number.

GROUNDS AND BUILDINGS

The college grounds consist of two hundred and seventy-five acres, and for beautiful scenery are not surpassed by any in the country. They are elevated and undulating, covered with a beautiful growth of evergreens and with a noble forest, and command a splendid view of the Cumberland Mountains on the north, and of the Smoky Mountains on the south. The location is as remarkable for its healthfulness as it is for its beauty. The campus affords the choicest facilities for the development of athletics.

On these grounds there are twenty buildings, which, together with the grounds and equipment, represent an investment of seven hundred and fifty thousand dollars. The buildings are heated with steam from the central power plant on the campus, and are lighted with electricity, and are supplied with pure water. The principal buildings are more fully described in the following paragraphs.

Anderson Hall is the oldest of the present college buildings, having been built in 1869. It was named in honor of the founder of the institution. It contains the administrative offices and a number of recitation rooms. The large addition to the building, the Fayerweather Annex, was erected in 1892.

Baldwin Hall, named in honor of John C. Baldwin, of New Jersey, is a dormitory for young women. It contains rooms for one hundred and forty students. It is provided, as are all the dormitories, with modern conveniences, and is a comfortable home for young women. It is protected from fire by a sprinkler system.

Memorial Hall, originally built as a companion building to Baldwin Hall, contains rooms for sixty young women. It also is protected from fire by a sprinkler system.

The Lamar Memorial Library Hall was erected in 1888 by three friends of Professor Lamar and of the College. The large memorial window was contributed by the brothers and sisters of Professor Lamar. The building is a fitting monument to Professor Lamar. It is now occupied by the book store and the College Station post office.

Willard Memorial, the home of the President, was provided in 1890 by a generous gift of Mrs. Jane F. Willard, in memory of her husband, Sylvester Willard, M.D.

Bartlett Hall is one of the oldest college Y. M. C. A. buildings in the South. Planned for by the students led by Kin Takahashi, a Japanese student, it was erected by contributions made or secured by the Bartlett Hall Building Association, supplemented by a large appropriation by the college authorities. A liberal donation made by Mrs. Nettie F. McCormick in 1901 enabled the committee to complete the building. In 1911, Mrs. Elizabeth R. Voorhees made a generous gift providing for extensive alterations and improvements. The Y. M. C. A. auditorium, parlors, and other rooms occupy the front part of the building, while a gymnasium occupies the rest of the structure. The ground floor of the building has been reconstructed at an expense of about twelve thousand dollars, and now affords one of the best equipped series of gymnasium offices and other rooms to be found in this section.

Fayerweather Science Hall was erected in 1898 through the liberal bequest of Daniel B. Fayerweather. The building as erected was two stories in height. The first floor contains laboratories for chemistry, a lecture-room, storerooms, and an office. The second floor contains lecture-rooms and laboratories for physics and biology. The building is provided with liberal equipment for the practical study of science, and will stand a useful and lasting monument to the intelligent philanthropy of the princely giver whose name it bears. In 1913 the anonymous donor of the Mary Esther Memorial Fund that provided for the establishment of the Home Economics Department, also contributed funds for the building of the third and fourth floors of this hall for the housing of the Home Economics Department, as an additional memorial of her mother. The third floor contains, besides cloakrooms, storerooms, closets, toilet, and lockers, a reading-room, dining-room, kitchen, sewing-room, lecture-room and one small and one large biology laboratory. On the fourth floor are three rooms for general purposes.

THE ELIZABETH R. VOORHEES CHAPEL was erected in 1905-1906 by gifts made by Mr. Ralph Voorhees, of New Jersey, and by other donors. The chapel, named in honor of Mrs. Voorhees, graces one of the most commanding sites on the grounds, and is well worthy of its place of distinction. The auditorium seats nine hundred persons and can be arranged to accommodate two hundred or three hundred more. The building also contains thirty-five rooms, occupied by the Departments of Music and Expression.

THE RALPH MAX LAMAR MEMORIAL HOSPITAL, named in honor of Mrs. Lamar's only child, who died in infancy, was built in 1909 through the generosity of Mrs. Martha A. Lamar, a lifelong friend of the College.

CARNEGIE HALL.—In connection with the "Forward Fund" secured in 1908, Mr. Andrew Carnegie gave the sum of fifty thousand dollars for a dormitory for young men. The building was occupied at the opening of the fall term in 1910, and was dedicated on January 11, 1911. On April 12, 1916, the building was totally destroyed by the only serious fire occurring in the history of the College. The insurance of thirty thousand dollars was promptly paid, and preparations for rebuilding were immediately begun. On May 4, 1916, the Maryville Chamber of Commerce, through a committee of sixty leading business men, undertook to raise a rebuilding fund of twenty-five thousand dollars among the citizens of Maryville and Blount County. Of this amount, the Faculty of the College subscribed five thousand dollars. The new building was completed in December, 1916, at a cost of nearly seventy thousand dollars, and was occupied at the opening of the winter term in January, 1917. It contains rooms for two hundred and thirty-five young men. Each of the two large wings contains a suite for the use of a proctor and his family.

PEARSONS HALL.—No benefaction has proven more serviceable than the gift of twenty thousand dollars made in 1908 by Dr. D. K. Pearsons, of Chicago. The building named in his honor provided additional dormitory facilities for young women, and a greatly needed new boarding hall. The first story contains a dining-room, with a seating capacity of six hundred, the kitchen, and offices. The second story contains parlors, halls for the young women's literary societies, and rooms for thirty-four occupants. The third story was added during the vacation months of 1912, increasing the capacity of the dormitory so that fifty additional young women could secure rooms. This story was a gift of Louis H. Severance, Esq., of Cleveland, Ohio, "an admirer of Dr. Pearsons, who esteemed it a privilege to put this crowning story upon his building." In 1918, the hitherto unfinished fourth floor was converted into dormitory rooms, providing increased capacity for fifty more young women.

THE SWIMMING POOL.—In the original plans of Bartlett Hall, as secured by Kin Takahashi, there was provision made for the building of a swimming pool beneath the gymnasium. Lack of funds prevented the construction of the pool. In April, 1914, the Y. M. C. A. cabinet led in a movement, which rallied around it the entire student body, looking to the construction of the

proposed pool. The enthusiastic efforts of the students completed the raising of fifteen hundred dollars in cash toward the cost of the pool. The college authorities then undertook the building of the pool. The total cost was ten thousand dollars. It was opened for use at the beginning of the fall term of 1915. The pool occupies a separate building fifty-eight by one hundred and ten feet. The pool itself is twenty-five by seventy-five feet in dimensions.

"The House in the Woods," situated in a picturesque part of the college campus, was built and endowed in 1917 for the use of the present College Pastor and his successors, by a lifelong friend of Mrs. William P. Stevenson, as a memorial of Mrs. Stevenson's father and mother, Mr. and Mrs. William Cooper. It is a thoroughly well-built house, provided with every modern convenience, and, together with its charming woodland setting, makes a most attractive and comfortable home.

Thaw Hall, the largest structure on College Hill, costing over one hundred and fifty thousand dollars, was begun in 1920. The second floor was first used for recitations in September, 1921. The building measures two hundred and thirty feet in length and one hundred and forty feet in depth. This noble building, made necessary by the great growth of the institution, was made possible by the generosity of Mrs. Mary C. Thaw. At the urgent request of the directors, the faculty, and the students of the College, to the end that the long-continued helpfulness of the Thaw family in the upbuilding of Maryville College should be kept in memory, the donor consented, though reluctantly, that the building should be named Thaw Memorial Hall.

The Alumni Gymnasium.—In 1922, as the first result of the Alumni and Former Students' Athletic Campaign, an excellent and ample athletic field, five hundred feet square, was graded. In the fall of 1923, as the second result of the same campaign, an additional gymnasium building, one hundred and ten feet square, to be known as the Alumni Gymnasium, was built and occupied. The alumni, old students, present students, and the local post of the American Legion contributed toward the erection of the building.

"Morningside" is a spacious and beautiful dwelling, situated near "The House in the Woods." It was built in 1932 by Mrs. John Walker, of Pittsburgh, Pennsylvania, who is a sister of Mrs. William P. Stevenson, and is now occupied by her as a residence.

The Power Plant.—Steam heat for all the buildings is furnished from the central power house situated on the campus. Steam from the plant is used also for cooking and for dish-washing at the boarding department.

THE LIBRARY

The Maryville College Library, known as the Lamar Memorial Library, is one of the largest college libraries in Tennessee. The library is housed in attractive and commodious quarters in Thaw Hall, and is open for the

drawing of books, or for the consulting of volumes in the reference alcoves, for twelve hours every day from Monday to Saturday. About thirty-five hundred dollars is expended annually in the purchase of books. The number of books now on the shelves is approximately thirty-eight thousand.

TEXT-BOOK RENTAL

James R. Hills Library.— In 1888, Miss Sarah B. Hills, of New York, contributed a fund for the establishment of a loan library, in order that students unable to purchase the necessary text-books might have the privilege of renting them at a nominal rate. By judicious management the income from this fund has grown until now the privileges of this library are open to all students, and all the regular text-books used in the institution may be either rented or purchased. This rental library is administered through the college Book Store.

SELF-HELP

The College offers opportunities of self-help to a large number of deserving young men and young women. The work offered includes manual labor on the grounds, janitor service in the various buildings, dining-room and kitchen service at the boarding department, sewing in the College-Maid Shop, office work, and work as assistants in laboratories or libraries. These forms of employment are paid for at a rate varying according to the degree of skill and responsibility involved. The more responsible work is allotted usually to students who have previously given proof of their ability and worth. Assistants in any department are elected by the Executive Council of the Faculty.

Application for work of any kind must be made in writing and addressed to Miss Clemmie J. Henry, Student-help Secretary, Maryville College, Maryville, Tennessee. The acceptance of financial aid from the College, in the form of scholarships, loans, or opportunities for work, involves special obligation to diligence, loyalty, and the faithful discharge of duty. A student that fails to do satisfactory work or becomes an object of discipline will forfeit all such opportunities.

STUDENT ORGANIZATIONS

The Student Council. — This Council was organized in 1923, and consists of regularly chosen representatives of the four college classes. Its objects are: to furnish a representative body of students, who, by virtue of their position and influence in student affairs, shall be able to express the sentiment of the student body; to cooperate with the Faculty in maintaining Maryville College ideals and the traditions and customs of the College; to serve as a medium of communication between the students and any other party seeking to carry out a plan approved by the Council and by the

Faculty. The Council for 1933-1934 is constituted as follows: President, Frederick Karl Kirchner; Vice-President, Ernest Broyles Lowe; Secretary, Frances Vivian Biddle; Seniors: Gordon Allen Grooms, Thelma Henry Iles, Opal Johnson, John Christian McQueen, Robert Woods Tripp, Janet Goodwin Warren; Juniors: Lorena May Dunlap, James Herman Magee, Dorothy Madge Nethery, Leland Shanor, Elizabeth Emily Woodwell; Sophomores: Frank Taylor Atchison, Eleanor Myrtle Denslow, Arthur Larzelere Herries, Eleanore Mills Pflanze; Freshmen: Kenneth Keast Davis, Mary Joan Dexter, Madalyn Lucile Hennessee, Frank M. Smith.

The Student-Faculty Committee.— This Committee, organized in 1930, is composed, on the one part, of students selected as representatives of the four college classes and, on the other part, of the President and Dean of the College and representatives of the Faculty. It meets biweekly for consultation regarding matters of common interest to students and faculty.

The Y. M. C. A. and Y. W. C. A.—The Y. M. C. A., established in 1877, is one of the largest organizations of its kind in the South. The weekly devotional meetings are held on Sunday afternoons in the auditorium of Bartlett Hall. The officers of the Association for 1933-1934 were as follows: President, Warren Walton Warman; Vice-President, Louis Frank Krainock; Secretary, Michael Presbyterio Testa; Treasurer, Ernest Broyles Lowe; Advisory Committee: Class of 1934: Professors Hunter and Queener, and Richard Kenneth Orr. Class of 1935: Business Manager Black, Professor Orr, and James Rhodes Smith. Class of 1936: President Lloyd, Professor Shine, and Ralph Magill Llewellyn.

The Y. W. C. A. was established in 1884, and is one of the most wholesome influences in the religious life of the College. The Association has attractively furnished rooms, where social gatherings and the weekly devotional meetings on Sunday afternoons are held. The Association has a library, known as the Florence McManigal Memorial Library. It was contributed by Rev. J. Oscar Boyd, Ph.D., D.D., Secretary of the American Bible Society, at Vienna, Austria, and his wife as a memorial to their sister, Miss McManigal, '08, who was an instructor in the Preparatory School and who died in 1909. The officers of the Association for 1933-1934 were as follows: President, Theresa Decker Frey; Vice-President, Veta May Stephens; Secretary, Violet Speed Webb; Treasurer, Phyllis Fairfield Dexter; Advisory Committee: Class of 1934: Miss Bassett and Professor Lagerstedt. Class of 1935: Mrs. Lloyd, Mrs. Otto Pflanze, and Mrs. H. C. Wright. Class of 1936: Miss Beebe and Miss Johnson.

The Student Volunteer Band. — The College has, from its earliest history, been identified with foreign missions, and has sent out one hundred and thirty missionaries into eighteen foreign countries. Since 1894 the students have maintained a Student Volunteer Band, which meets weekly, and is one of the strongest religious influences in the College.

The Ministerial Association, organized in 1900, is composed of those students that are candidates for the Christian ministry. It has for its object the enlistment of its members in various forms of active Christian work and the discussion of themes relating to the work of the ministry.

The Literary Societies.— Four literary societies are conducted by the students. The ATHENIAN, organized in 1868, and the ALPHA SIGMA, organized in 1882, are composed of men. Their society rooms are on the third floor of Anderson Hall. The BAINONIAN, organized in 1875, and the THETA EPSILON, organized in 1894, are composed of women. Their society rooms are on the second floor of Pearsons Hall. The societies meet every Saturday evening. Each society gives annually a public midwinter entertainment.

The Athletic Association.— By action of the Directors of the College, the control of athletics is vested in the Faculty. The Faculty operates both directly and through their Committee on Athletics. The Athletic Director, appointed by the Directors of the College, is a full professor of the institution, and is a member of the Faculty Committee on Athletics. Cooperating with this committee is the Athletic Association. This organization is composed of the entire student body by virtue of the payment of the student activities fee. The Advisory Board of this Association meets when occasion may arise for the cooperation of the Association with the Faculty Committee on Athletics.

The members of the Advisory Board, whose officers are also the officers of the Athletic Association, are as follows: President, Ray Gordon Russell; Vice-President, Ruth Farlee; Secretary, Robert Stroud Gwynn; Treasurer and Official Buyer, College Treasurer Proffitt; Faculty Representatives: Dr. J. H. McMurray and Mr. Thrower, and *ex officio,* Professor Honaker; Student Representatives: Jack Fitch Atkins, Cecelia H. Conover, James Newman Holloway, Eleanor Johnson; Business Men: Henry A. Callaway, M.D., and Carl M. Storey.

The Writers' Workshop.— Juniors and seniors who have shown special interest and ability in creative writing are elected to membership in this group. Each member is expected to produce at least one original manuscript a semester. The membership is limited to twenty-five.

Honor Societies.—Three national honor societies have chapters in the College, which are made up of students who have special records of achievement in the fields of work covered by each organization. These societies are: Pi Kappa Delta (Debate), Theta Alpha Phi (Dramatic), Sigma Delta Psi (Athletic). There is also a Maryville College scholarship honor society, Alpha Gamma Sigma.

The Law Club.—Men students who are studying with a view to entering the profession of law maintain an organization known as the Law Club. Their purpose is to familiarize themselves with the features of their contemplated life-work, and to develop high moral standards and ideals in connection with their profession.

The Premedical Club.—Students who plan to study medicine have organized with a view to a better understanding of the problems and interests of the medical profession.

The Chemistry-Physics Club.—Interest in chemistry and physics has led to the organization of a club whose object is to stimulate collateral reading and investigation on the part of the students in these fields.

Le Cercle Français.—Opportunity is offered for those who are interested in the promotion of French to further their study outside of classroom work through the production of French plays, readings, songs, and conversation in a French club.

Club Español.—For the purpose of cultivating interest and proficiency in the Spanish language, especially in its spoken form, a Spanish club has been organized. The club is open to the students of the advanced Spanish classes.

Der Deutsche Verein.—A group of students who are interested in the German language, literature, people, and customs meet regularly to give German plays and sketches, to sing German songs, and to further the cause of things German.

FORENSIC CONTESTS

Maryville College has the distinction of having the Tennessee Alpha Chapter of the national forensic society, Pi Kappa Delta. The local chapter acts with the Faculty Committee on Forensics as the governing body for intercollegiate forensics. All students who represent the College in two or more varsity debates or in an oratorical contest are eligible to membership in the chapter, and are thereupon entitled to wear the insignia of the society.

The College annually engages in a number of intercollegiate debates. Credit is given for participation in intercollegiate debates.

COLLEGE PUBLICATIONS

The official publication of the College is The Maryville College Bulletin. It is issued quarterly and is sent free to any who apply for it. The May number of each year is the annual catalog. The Highland Echo is issued weekly by the students, the editorial staff consisting of members of the four college classes, selected on a competitive basis. The Chilhowean is issued annually by the junior class. It is a yearbook of the student body, containing a summarized record of the year's work in all the departments and organizations of the College, and is an attractive souvenir. The Maryville Handbook is issued annually by the Y. M. C. A. and Y. W. C. A. It is intended to present general information about the College and about the work of the Associations to new students, and also to assist them in adjusting themselves to their new environment.

PRIZES

The William H. Bates Oratorical Prize Foundation.—The Rev. William H. Bates, D.D., of Greeley, Colo., contributed the sum of one thousand dollars to form a fund, the annual income from which is to be used to provide a prize in oratory. The contests are open to the men of the junior and senior classes in one year, and to the women of the junior and senior classes in the next year.

The Bible and Religious Education Department Prize Foundation.—An additional gift of two thousand dollars was made by Rev. William H. Bates, D.D., of Greeley, Colo., for the establishment of this foundation. The income of the foundation shall constitute a fund to be known as the Bates Bible Prize, which shall annually be awarded, under certain stipulations, for proficiency attained in Bible study. The foundation is subject to an annuity.

The T. T. Alexander Prize Fund, established by a generous friend of the College, who desires to remain anonymous, and to have the prize named in honor of one of Maryville's foreign missionaries, provides a prize of one hundred dollars in gold to be awarded annually to the winner of an oratorical contest conducted under the supervision of the Department of Bible and Religious Education. The subjects chosen for the contest in 1933, in which women students participated, and in 1934 in which men students participated, are the following: The Deity of Jesus Christ; Christ's Atonement for Sin; The Resurrection; and Salvation through Faith. The winner of the contest in 1933 was Laura Elizabeth Duncan, '33.

The Elizabeth Hillman Chemistry Prize Fund. — The sum of one thousand dollars was contributed in 1919, by Miss Sara F. Hillman, of Pittsburgh, Pa., to establish a fund, the income of which is to be used to provide "a prize or prizes to be awarded to women students for excellence attained in the Department of Chemistry." In 1933, the winner of the first prize was Elizabeth Marshall Ritchie, and the winner of the second prize was Jean Osborne.

Women students taking fourteen or more hours of Chemistry (two courses of which must have been taken at Maryville) are eligible for this prize. Beginning in 1933-1934, the prizes will be awarded each year to the women students having the highest grades in Chemistry at the completion of the stipulated fourteen hours. Any student having received the prize is ineligible for further competition.

The Rush Strong Medal.—Under the provisions of the will of Mr. Benjamin Rush Strong, of Knoxville, Tenn., a gold medal, valued at "not less than fifteen, nor more than twenty-five dollars," and known as the Rush Strong Medal, is annually granted to the member of the freshman class "who shall compose the best essay upon the subject, 'The Value of Truth.'" The medal was won in 1933 by Hendrika Pearl Tol.

THE ALEXANDER ENGLISH PRIZE. Through the generous provision of Dr. and Mrs. John McKnitt Alexander, an annual prize, at the present amounting to twenty-five dollars, later to reach a larger amount, is offered to the member of the senior class who makes the best four-year record in English. In 1933, the winner was Mabel Nathalia Wright.

THE ARTISTS' SERIES

Each year a Faculty Committee, with the co-operation of the Y. M. C. A. and Y. W. C. A., brings to the College a number of artists of highest excellence. During the past year, the Series included the Don Cossack Russian Chorus, Bartlett and Robertson, Pianists, and Kathryn Meisle, Contralto. The Series is provided at a very small cost to the student, the cost being included in the Student Activities Fee. Tickets are sold to the public at a somewhat higher rate.

HEALTH AND PHYSICAL TRAINING

An annual physical examination is required of every student enrolled in the regular courses of the institution. This applies to old and new students alike. These examinations are given by the Department of Physical Training, assisted by physicians employed by the College for the purpose. On the basis of these examinations, each student is advised as to his health and physical-training programs. Requirements and offerings in the Department of Physical Training are designed to meet the general needs in this field.

The Ralph Max Lamar Memorial Hospital is available for out-of-town students. In cases of slight illness no charge is made for nursing, but the patient pays $7.00 a week for the use of the ward, and for board and laundry. In cases of protracted illness demanding more than ordinary time and attention, a nominal charge is also made for the nursing. In cases of serious illness, registered nurses will be secured at the expense of the patient. On Tuesday, Thursday, and Friday of each week free medical consultation and prescription by approved physicians are provided at the hospital for out-of-town students. Any other medical attention, however, that may be required must be paid for by the student.

ELIGIBILITY RULES

In order that athletic contests may not militate against excellence of classroom work, but that they may become, in a measure, a direct aid in maintaining high standards of scholarship, the following regulations have been adopted, to apply to all athletic contests, except those that are intramural:

To be eligible to membership on any college team during the year, a student must enroll not later than October 1st.

A student classified as freshman must pass three regular courses to be eligible for intercollegiate athletic competition in the following semester and a student classified as sophomore or above must pass four regular courses to be eligible in the following semester.

Special students are not eligible to represent the College in athletic contests.

ORIENTATION PROGRAM FOR FRESHMEN

In addition to the various plans used on the opening days of the school year by the College and the student organizations to assist freshmen to an early acquaintance with, and adjustment to, the life and work of the campus, the College also conducts a general Orientation Program.

ALUMNI ASSOCIATION

The Alumni Association was formed in 1871. It holds its annual meeting on the evening before Commencement Day, when a dinner is given by the Association. The officers for 1933-1934 are as follows: President, Thomas Judson Miles, '93; Vice-President, Conrad Quenelle, '33; Secretary-Treasurer, Mrs. Estelle S. Proffitt, '08; Executive Committee: Class of 1934: Helen Ott, '22; Earl A. Storey, '27; Mrs. Anne Crane Huddleston, '15; Class of 1935: Joe L. Marshall, '28; Harry H. Gauding, '25; Irma Gamble, '23; Class of 1936: Geneva Anderson, '25; Raymond O. Smith, '16; George D. Howell, '22.

During recent years Maryville College Clubs, composed of alumni and former students, have been formed in various sections of the United States. Many other such organizations will be formed in the future.

BEQUESTS AND DEVISES

Since each State has special statutory regulations in regard to wills, it is most important that all testamentary papers be signed, witnessed, and executed according to the laws of the State in which the testator resides. In all cases, however, the legal name of the corporation must be accurately given, as in the following form:

"I give and bequeath.....to 'THE DIRECTORS OF MARYVILLE COLLEGE,' at Maryville, Tennessee, and to their successors and assigns forever, for the uses and purposes of said College, according to the provisions of its charter."

DEGREES CONFERRED, 1933

DOCTOR OF DIVINITY, HONORARY

George William Brown — Howard Bailey Phillips, '09

John Vant Stephens, Jr., '15

BACHELOR OF ARTS

Mary Ellen Anderson
Eunice May Baldwin, *cum laude*
Lois Russell Blessing
Ruth Mary Boyd
Mary Lois Branche
Donald Warren Briggs
Ruth Elizabeth Brocious
George Emmett Brown
Leon West Brown
